May The Course Be Enrolled In For Credit More Than Once? Yes  No  
If yes, under what conditions:

Course Description As It Would Appear In The Catalog: A course on planning and conducting effective agriculture instructional programs. Topics include introducing instructional methods, techniques, devices and procedures used in disseminating agricultural information to youth and adult audiences. Requisites: Admission to Teacher Education required: PERM..

What Are The General Objectives Of The Course?: Upon completion of this course prospective agriculture education teachers should be able to: (1) Demonstrate the necessary procedures to plan instruction for agricultural education. (2) Introduce a variety of teaching methods that can be used for the delivery of instruction in agricultural education. Instructional methods would include the use of natural sciences, biology, physical and applied sciences. (3) Develop instructional strategies and instruments that fairly assess a student's knowledge, skills and
