

**FORT HAYS STATE UNIVERSITY**  
**2014 Annual Security and Fire Safety Report**  
**Reporting Year: 2013 Calendar Year**

**Introduction to the Report**

This report has been prepared in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. For the crime statistics, see Section VIII of this report.

In 1990, U.S. Congress passed the Student Right-to-Know and Campus Security Act, which required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and campus security information and policies. The act was amended in 1992, 1998 and 2000. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The Higher Education Opportunity Act of 2008 (Public Law 110-315) further created campus safety requirements in the following areas: hate crime reporting and emergency response; evacuation procedures; missing student notification; and fire safety issues.

The Clery Act requires institutions to disclose three general categories of crime statistics:

1. Types of Offenses – Criminal Homicide, including: a) Murder and Non-Negligent Manslaughter; and b) Negligent Manslaughter; Sex Offenses including: a) forcible, and b) non-forcible; Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; and Arson.
2. Hate Crimes –Disclose whether any of the above-mentioned offenses, and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias; and
3. Arrests and Referrals for Disciplinary Action for illegal weapons possessions and violation of drug or liquor laws.

**I: Geography:**

Fort Hays State University is comprised of a main campus located in Hays, Kansas with several off campus locations that are owned or controlled by the University. The University has identified all areas that are public property adjacent to campus, off campus, and the campus itself. Those defined geographical areas are used to capture data of reported crimes to both the University Police and the Hays Police and is used for inclusion into the annual security report. A detailed property listing is defined in appendix A.

**II. Crime Statistics:**

Crime statistics that are provided in this annual report are based upon incidents reported by the University Police Department, Office of Student Affairs and Residential Life. Each entity provides updated information on their educational efforts and programs to comply with the Act. This annual report is prepared by the Assistant Vice President of Student Affairs. FHSU annually reports statistics for the three most recent calendar years concerning the occurrence on

campus, in residence halls, in or on a non-campus building or property, and on public property. Campus crime, arrests, and referral statistics include those reported to the FHSU Police, Residential Life and the Office of Student Affairs. Limited information is provided from the Hays Police Department regarding fraternity and sorority chapter houses.

Each year, an e-mail notification is made to all faculty, staff, and enrolled students that provides the web site to access the University's Annual Security Report. Copies of the report may also be obtained at the Office of Student Affairs, Sheridan Hall 208, or by calling (785) 628-5824.

**III: Campus Security Authorities:**

**a. Responsible Office**

<b>Office/Individual Responsible</b>	Dr. Keegan N. Nichols, Assistant Vice President for Student Affairs. Contact Information: 785/628-5824 or knnichols@fhsu.edu
<b>Location where documentation is kept</b>	Sheridan 208, Assistant Vice President for Student Affairs' Office
<b>Date policy and procedure were last updated</b>	September 2014

**b. Clery Campus Safety Authority and Title IX Responsible Employee**

The following employees are considered Campus Safety Authorities, Title IX Responsible Employees, or both. The most updated information about training can be found at <http://www.fhsu.edu/judicial/education-and-training/>.

<b>Clery, Campus Safety Authorities and Title IX Responsible Employees</b>	<b>Method of Reporting</b>	<b>Training Date</b>
1. Title IX Coordinator and Deputy Coordinators	Maxient, in-person, or telephone.	Annual
2. Director and Assistant Director of Residential Life	Maxient, in-person directly to supervisor or telephone.	Annual, August of Each Year
3. Hall Directors and Assistant Hall Directors	Maxient, in-person directly to supervisor or telephone.	Annual, August of Each Year

8. Director of Athletics, Assistant Directors, and Athletic Coaches	Maxient, in-person directly to supervisor or telephone.	Annual, Fall Each Year
9. University Police Department	University Police Department	Annual

**c. Procedure for Reviewing Crime Reports**

1. Crime reports are received in-person, phone, e-mail, or through Maxient. All crime reports are logged in Maxient (student conduct software system).
2. Monthly residence hall crime reports are reviewed by the Assistant Director of Residence Life to accurately record Clery category.
3. Monthly campus crime reports are reviewed by the Assistant Vice President for Student Affairs to accurately record Clery category.
4. Reports are compared for accuracy of reporting.
5. Yearly the process of reporting crimes is reviewed to improve reporting efforts.

**IV: Statistics from Local Law Enforcement Agencies:**

In addition to collecting crime reports from campus security authorities (as defined in section III), Fort Hays State University makes a good faith effort in obtaining Clery crime statistics from local law enforcement agencies that have jurisdiction over the school’s Clery geography. Each year a letter is submitted to those agencies requesting crime data on property that the University has identified as public property adjacent to campus, off campus, and the campus itself.

Those defined geographical areas are used to capture data of reported crimes from those agencies and is used for inclusion into the annual security report. For purposes of documentation, the response letters are retained by the Office of Student Affairs. Accordingly, if no response is received, that lack of response will be noted in the annual Security report, Section VIII.

## **V. Daily Crime Log:**

In accordance with Federal Law, the Fort Hays State University Police Department maintains a daily log for all crimes reported to the Fort Hays State University Police Department. The crime log is open for inspection to the public and includes the nature of the crime, date of occurrence, general location and disposition of the complaint, if known. The law requires that this initial information be open for public inspection within two business days of the report of the crime unless the release of the information would jeopardize an on-going investigation, cause a suspect to flee or result in the destruction of evidence. It also requires new information about the entries be made available within two business days. The crime log can be viewed from 8:00 a.m. to 4:30 p.m. Monday through Friday at the Center of Public Safety (C.O.P.S.), room #112 Custer Hall, 420 Custer Drive; Hays, Kansas. Every attempt will be made to have the log updated by 10:00 a.m. during regular business hours.

## **VI. Emergency Response and Evacuation Procedures:**

### *a. Emergency Response*

Fort Hays State University (FHSU) faces risk from a variety of potential emergencies caused by acts of nature or man that result in loss of life and property, cause human suffering, and disrupt normal campus operations. The University Police Department (785-628-5304, or 911) should be notified immediately in the case of an actual or threatened crisis or emergent event. When in doubt as to whether a situation rises to the level of a threat, crisis or emergency, University Police should be notified. With regard to any crisis event involving criminal activity or threat to the University, the University Police Department will generally provide the first response to the event in addition to Hays Police Department, Ellis County Sheriff's Department, Kansas Highway Patrol, Hays Fire Department, Ellis County Fire Department, Ellis County Emergency Medical Services and the Ellis County Emergency Management, who typically work together to manage the incident. Depending on the nature of the incident, other regional, state and federal jurisdictions may also respond and assist with the incident. Several Memorandums of Understanding (MOU's) have been generated for "Mutual Assistance" and can be found in Appendix B.

To address such emergencies, FHSU has established this Emergency Management Plan (EMP), which provides a guideline for the management of the actions and operations required to plan for, respond to and recover from an emergency or disaster. The overall objective of FHSU's emergency operations is to respond to emergency conditions and manage the restoration of normal functions.

General information about the emergency evacuation or shelter in place procedures for Fort Hays State University can be found at <http://www.fhsu.edu/university-police/emergency-response-guidelines/non-residential-building-evacuation-guidelines/>

### *b. Evacuating Campus Facilities:*

The University normally does not close facilities because of brief interruptions in normal services (e.g., short-term water outages or heating/cooling). Occasionally, however, an

unplanned incident may render one or more facilities unsuitable for normal habitation or use. In such a case, it may be necessary to evacuate the facility.

An evacuation may be necessary if there is a fire, power failure, lack of water, hazardous material release, structural damage, bomb threat or other terrorist act, active shooter, flood, or any other situation that makes the facility unsafe or uninhabitable. An evacuation may be initiated by the building fire alarm, by notice from a police or fire official, or by administrative decision. If the fire alarm sounds, or if a police officer or fire official gives an evacuation notice, everyone must leave the building. Individuals remain responsible for their own evacuation.

Unless otherwise notified by University Police, Hays Fire Department or the Ellis County Emergency Medical personnel building occupants may briefly delay evacuating if they need time to shut down electrical and other equipment, especially any that involves flame, explosive vapors, or hazardous materials.

All building occupants will follow instructions issued by University Police, Hays Fire Department or the Ellis County Emergency Medical personnel. The building may not be reentered until authorized by the University Police or the Hays Fire Department.

Building Floor Plans are posted at various floors and entrances of each building, which defines the designated tornado shelter area, the direction of egress for both tornado safety and building evacuation, areas of rescue assistance and location of the emergency call master station and defibrillation unit.

When evacuating a building, remain calm and evacuate the building in an orderly fashion. Go to a place of safety at least 200 feet from the building, unless otherwise directed by University Police or the Hays Fire Department. Building Supervisors, Faculty and Staff members should assist students and visitors with a prompt and orderly evacuation, reporting to 911 any individuals that are missing, trapped or requiring assistance with evacuation.

In the extreme event of an incident involving the evacuation of campus, you will receive an emergency notification alerting you to vacate campus and go to where you feel safe off campus. The University web site will post additional information as the event occurs. Refer to Section VII for more detail concerning Emergency notifications and timely warnings.

Shelter-in-place is typically used during tornadic events. Often-times the situation determines the response. In a situation involving an active shooter, and dependent upon what is occurring at that moment, it may be safer to shelter-in-place by hiding. Other options for an active shooter include; "Run, or Fight". Again, your response is dependent upon what is occurring at that moment. For more information on surviving an Active Shooter Event, go to <https://www.fhsu.edu/university-police/emergencies/>

In the event of a prolonged evacuation, the University's "Incident Management Team" will determine alternative arrangements for displaced students, faculty and staff.

Areas of rescue assistance for each campus building have been identified and are defined in Appendix C

*c. Emergency Evacuation for individuals with disabilities.*

The University prohibits discrimination in its programs and activities, in accordance with Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act, 1990. University procedures require everyone, including people with disabilities or other conditions, to evacuate the facility when the fire alarm is activated or when otherwise instructed to do so. The University is committed to assisting with the development of personal action plans and training to identify and assist people who may need assistance in an emergency. The University also recognizes that not everyone with a disability is in need of assistance.

It is recognized that people with disabilities or other conditions may require assistance with evacuating in the event of an emergency. Therefore, people needing assistance in an emergency are encouraged to identify themselves to the University as an individual with a temporary or permanent disability or other condition and make a request for assistance in advance of an emergency.

The Department of Residential Life will assist students with disabilities and other conditions in developing a plan for evacuating their housing residence. The Coordinator of Disability Student Services (located in the Kelly Center) will assist on-campus students with disabilities. University employees with disabilities and other conditions should work with their supervisor and the Personnel Office in developing personal action plans.

Individuals remain responsible for their own evacuation. Additionally, if an individual needs assistance evacuating, it is the individual's responsibility to identify evacuation assistants and request the assistance, in advance if possible, of those individuals.

**VII. Timely Warnings**

<b>Office/Individual Responsible</b>	Director of University Relations, Chief of University Police, University Counsel, key University Personnel, and Vice President for Student Affairs.
<b>Location where documentation is kept</b>	Sheridan 208, Vice President for Student Affairs' Office. Contact Information: 785/628-5824 or tamason@fhsu.edu
<b>Date policy and procedure were last updated</b>	September 2013

a. Timely Warning Policy

In the event that a crime is reported to University Police or a local law enforcement agency that is considered to represent a serious or continuing threat to members of the University community, a campus-wide "timely warning" will be issued. A timely warning may also be issued for other circumstances that may not be criminal in nature, such as severe weather.

This warning will generally be issued via the University email system, but in the event of an immediate threat to the University community, a notice may be posted on the University Police Website at <http://www.fhsu.edu/police/>. In addition, a timely warning may be issued using the Emergency Notification System (<http://www.fhsu.edu/crisis/home/>), although the Emergency

Notification System may be used for providing alerts that do not constitute timely warnings under this policy.

Any timely warning pursuant to this policy will be issued without delay following the receipt of pertinent information which leads the University to believe that a circumstance constitutes a serious or continuing threat to students and employees. The decision of whether to issue a timely warning will be made by the Director of University Relations, in consultation with the Chief of University Police, the University General Counsel, and other appropriate University officials, although if the event giving rise to the timely warning also warrants use of the Emergency Notification, then either the Chief of University Police or University General Counsel as emergency co-managers may send the message. The creator(s) of the message will determine the avenue for dissemination and the content of the message. If only one discreet segment of campus is affected, then the timely warning could be limited in scope.

The timely warning will at a minimum describe in as much detail as possible the circumstance at issue in order to provide the University community with information as to how to maintain their safety. The timely warning may be supplemented as needed to provide updated information or to inform the University community that the threat or dangerous situation has resolved.

Anyone with information of any crime should report it to the University Police Department (785-628-5304), the City of Hays Police Department (785-625-1011) or dial 911.

### **VIII. Annual Security Report:**

<b>Office/Individual Responsible</b>	Dr. Keegan N. Nichols, Assistant Vice President for Student Affairs. Contact Information: 785/628-5824 or knnichols@fhsu.edu

#### **a. General Procedures for Reporting a Crime or Emergency**

Incidents affecting personal safety or property, and property of the State of Kansas must be reported to the University Police Department on a timely basis. If you are the victim or a witness to a crime or circumstances which you believe may constitute a crime, call 911 to reach police assistance, emergency medical treatment and fire response. For non-emergencies, the University Police Department may be contacted at 785/628-5304 during normal operating hours, which are 8 am to 4:30 pm, Monday-Friday. After hours, or on weekends or holidays, contact the Hays Police Department Dispatch Center, which provides dispatch services for the University Police Department, at 785/625-1011. Additionally, seven kiosk phones are located throughout campus. The Kiosk phones go directly through UPD dispatch during business hours. After business

hours, they are routed to the UPD cell phone. If the officer cannot answer, it is automatically routed to Hays dispatch.

Pursuant to statutory requirements, crimes reported to the University Police Department are submitted to the Kansas Bureau of Investigation, the Central Repository for the State of Kansas. UPD electronically submits the required data using the Kansas Incident Based Reporting System. Data collected within those submissions does not represent all criminal incidents committed at Fort Hays State University, as it is dependent on victims reporting crimes to the University Police Department. The collection of this data is designed to support the “Crime in the U.S. Report” published annually by the FBI. Additionally, data collected by UPD and the city police department is used by the University to prepare the annual Fort Hays State University Security Report to comply with the Jeanne Cleary Disclosure of Campus Security Policy and Crimes Statistics Act.

The Fort Hays State University Police Department makes no provision for including confidential reports of crime in this Annual Security Report. The University Police Department depends on these reports to allocate its resources and maximize crime prevention efforts to provide a safe environment.

Disciplinary and behavioral cases may also be reported at [www.fhsu.edu/judicial](http://www.fhsu.edu/judicial) for review in the Behavioral Intervention Team meetings and for potential further disciplinary review. Emergencies should NOT be reported through this venue.

**b. Process and policies concerning “timely warnings” are addressed in section VII.**

Preparing the Annual Disclosure of Crime Statistics

Crime statistics that are provided in this annual report are based upon incidents reported by the University Police Department, Office of Student Affairs and Residential Life. Each entity provides updated information on their educational efforts and programs to comply with the Act. This annual report is prepared by the Assistant Vice President of Student Affairs. FHSU annually reports statistics for the three most recent calendar years concerning the occurrence on campus, in residence halls, in or on a non-campus building or property, and on public property. Campus crime, arrests, and referral statistics include those reported to the FHSU Police, Residential Life and the Office of Student Affairs. Limited information is provided from the Hays Police Department regarding fraternity and sorority chapter houses.

Each year, an e-mail notification is made to all faculty, staff, and enrolled students that provides the web site to access the University’s Annual Security Report. Copies of the report may also be obtained at the Office of Student Affairs, Sheridan Hall 208, or by calling (785) 628-5824

**c. Criminal Activity Off-Campus**

To report a criminal offense occurring off-campus, contact the Hays Police Department or the Ellis County Sheriff’s Department at 785-625-1011 or dial 911 (emergencies only) FHSU sororities and fraternities are located off campus and fall under the jurisdiction of the Hays Police Department. The Office of Student Affairs and the Center for Student Involvement maintain contact with recognized fraternity and sorority organizations. Student Affairs and University Police have a close working relationship with the Hays Police Department when

violations of federal, state, or local laws occur. This cooperative team approach addresses situations as they arise as well as future concerns.

**d. Reporting criminal activity**

**Crimes should be reported to the University Police to ensure inclusion in the annual crime statistics and to aid in providing timely warning.**

Victims or witnesses may report crimes on a voluntary confidential basis for the inclusion of the all security report 2013. Confidential reporting can be made to the Kelly Center or the Student Health Center.

Additionally you may report a crime to the following areas:

1. Assistant Vice President for Student Affairs (Non-Confidential Reporter)	785/628-5824, Sheridan 208
2. Director of Kelly Center (Confidential Reporter)	785/628-4401, Picken Hall 041
3. Director of Health Services (Confidential Reporter)	785/628-4293, Lower level of the Memorial Union.
4. Director of Residential Life (Non-Confidential Reporter)	785/628-4245, McMIndes Hall

**e. Access to Campus Facilities and Security Considerations in the Maintenance of Campus Facilities.**

FHSU is committed to maintaining an environment in which students, faculty, staff, and guests can work together free from all forms of harassment, exploitation and intimidation. The University will act as needed to discourage, prevent, correct, and if necessary discipline behavior that violates this standard of conduct.

During business hours, the University is open to students, parents, employees, contractors, guests and invitees. During non-business hours access to all University facilities is by key, if issued, or by admittance via the University Police Department.

The Department of Residential Life is committed to providing a safe environment in the residence halls. Students are made aware of safety concerns as well as tips on prevention through floor meetings and presentations. Safety issues are addressed at New Student Orientation and floor meetings each semester. While there are many safeguards in place for residence hall students, each student must do his/her part to assure a safe and secure environment by adhering to the safety related policies and procedures. Each hall or apartment complex is supervised by a Hall Director or Apartment Manager who lives and works in the residence hall or complex.

On every floor of a residence hall there is a Resident Assistant. A Resident Assistant (RA) is an upper class student who has received extensive training in many different aspects of residence hall living. The hall staff undergoes training in enforcing residence hall safety and security policies as well as being aware of potential safety hazards and concerns. The Department of Residential Life provides an "on-duty" staff member in each hall every night and weekends for

assistance with any problems. The names and telephone numbers and locations of on-duty hall staff are posted in the residence halls. Each resident should locate this information in advance of an emergency.

All residence halls, except McMIndes Hall, lock their exterior doors between the hours of 11 pm and 6 am. McMIndes Hall maintains a 24-hour a day desk to maintain security. During the hours when buildings are locked, residents may enter with keys issued to them, or by calling “on duty” staff members in each hall. Security cameras that record activity are located in strategic locations in both Wiest and McMIndes Halls.

Residents can protect themselves and their property by making responsible decisions. Exterior doors should not be propped open at any time. Keeping every room door locked at all times will deter crime, as almost every theft in a residence hall is a result of an unsecured room or unattended belongings. Every security measure taken by the residence hall staff depends on the responsible actions of each resident for its effectiveness.

The campus safety related information can be found at <http://www.fhsu.edu/judicial/crime-prevention-tips/>

#### **f. Security Considerations used in maintenance of campus facilities.**

The University Police Officers on patrol regularly observe campus lighting and report lights that are not functioning properly to the University Maintenance Department. The University Environmental/Safety Office regularly checks and services exit and emergency lighting on the campus. The Environmental/Safety office also conducts services and testing on fire detection and warning systems throughout the campus.

The Physical Plant Department maintains the campus buildings and grounds with a concern for safety and security. The staff inspects campus facilities regularly, promptly makes repairs affecting safety and security, and responds immediately to reports of potential safety and security hazards, such as broken windows and locks. If you have concerns about the physical safety of campus buildings and grounds, call the Physical Plant Office, Monday through Friday, 8:00 a.m. to 4:30 p.m., at (785) 628-4424. For emergencies that occur during off business hours, call the Center of Public Safety at 625-1011.

#### **g. University Police Authority and Jurisdiction / Reporting of a Criminal Offense**

The Fort Hays State University Police Department (UPD) provides primary police protection services to the University campus, Sternberg Museum of Natural History, FHSU Foundation property, the University Farm, the Pavilion, parking lots and residence halls 24 hours/day, 365 days/year and employs nine full-time, armed, state-certified police officers and one unarmed security officer.

FHSU police officers are commissioned by the State of Kansas under K.S.A. 76-726 and have the same law enforcement authority and responsibilities as local police and sheriff deputies. UPD has primary jurisdiction over all property owned or controlled by Fort Hays State University, concurrent jurisdiction within the City of Hays and all UPD officers carry an Ellis County Sheriff Deputy commission.

UPD officers are responsible for a full range of public safety services, including criminal investigations, enforcement of criminal statutes and city ordinances, collection of data for the required statistical crime reports, motor vehicle accident investigations, civil commitments for person(s) in need of care, traffic and parking enforcement, emergency management, enforcement of FHSU Rules and Regulations and the security of the University's physical assets. UPD refers statutory violations for judicial oversight and prosecution to Municipal, District and Federal Courts.

In addition to enforcement of state law, county resolution and city ordinances, university police officers shall enforce rules and regulations of the board of regents and rules and policies of the state education institution, whether or not violation thereof constitutes a criminal offense pursuant to K.S.A. 76-726 (4) (b).

#### **h. Professional Affiliations & Agreements**

The University Police Department works in concert with Local, State and Federal Law Enforcement Agencies to provide protective services, public safety and enforcement related duties. There are six written memoranda of agreements between various agencies which provide a general outline of the following topics:

- Police Protection
- Parking Regulation and Enforcement
- Emergency Management and Cooperation
- Fire Protection
- UPD Concurrent Jurisdiction within the City of Hays
- Investigative Crime Unit & Task Force
- Emergency Shelters

#### **i. Several Memorandums of Understanding (MOU's) have been generated for "Mutual Assistance" and can be found in Appendix B.**

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to the University Police in a timely manner. If you are the victim of any crime or if you witness a crime, call 9-1-1 to reach police assistance, emergency medical treatment or fire response. For non-emergencies, the University Police can be contacted at 628-5304 during normal operating hours. After hours or on weekends, contact the Hays Police Department Dispatch Center, which dispatches for the University Police Department at 625-1011. Additionally, there are seven kiosk phones located throughout campus that connect to dispatch. The University Police Department is located at Custer Hall, in the Center of Public Safety, Room 112, 420 Custer Drive.

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C Section 1092 9f), clarification was given to those considered to be campus security authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary, confidential basis for inclusion into the annual crime statistics.

The rulemaking committee defines counselors as:

**Pastoral Counselor**-An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is function within the scope of the recognition as a pastoral counselor.

**Professional Counselor**-An employee of an institution whose official responsibilities include providing psychological counseling to member of the institution's community and who is functioning with the scope of his or her license or certification.

#### **j. Security Awareness Programs & Crime Prevention**

Prevention programs for students and employees occur at semester. The focus of prevention programs occurs during the fall semester with follow-up programming occurring in the spring semester. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. The University Police Department works collaboratively with Student Residential Life, Student Affairs, Drug and Alcohol Awareness Network (DAWN), and Kelly Center to offer series of lectures and presentations to university groups each semester, as well as on a request basis covering all areas of personal safety. Programs during the freshman seminar also occur with captures all freshman students. Students are encouraged to make use of these informative opportunities to help them eliminate concerns about personal safety. Programs also include prevention of crimes and security procedures and practices.

When time is of the essence, information is released to the university community through security alerts posted through the university's e-mail system to students, faculty and staff, the Leader Alert Emergency Notification System, and postings in the residence halls.

FHSU encourages students and employees to take responsibility for their own security and the security of others. Members of the campus community are urged to secure their valuables and be aware of their surroundings. To assist in this endeavor, there are educational programs each semester on a variety of topics including personal safety awareness and security, rape awareness education, and crime prevention. Information of safety and security is also provided on request to students and employees regularly via presentations, posters, brochures, college and student newspapers, and other printed materials.

Information call boxes, also referred to as kiosk phones, provide communication to dispatch and/or emergency responders and are located throughout campus.

Each year the University has a campus safety walk program sponsored by the Student Government Association (SGA). University officials walk the entire campus with SGA members noting any safety concerns such as lights burned out, trees or shrubs that need to be trimmed or any dark sidewalk paths. The University then addresses any needs listed and reports back to Student Government on the resolution and the date and time it was completed.

### **k. Monitoring and recording criminal activity in off-campus locations**

Aside from fraternities and sororities, there are no other off-campus student organizations with housing facilities. Student Affairs maintains contact with recognized fraternity and sorority organizations through the efforts of the Director of the Center for Student Involvement, who serves as the Greek Affairs Advisor. University Police members do not provide law enforcement service to off-campus residences of recognized fraternity and sorority organizations nor are activities off-campus recognized by university authority. Criminal activity at recognized fraternity and sororities residences is monitored and recorded by the Hays Police Department. The FHSU University Police members enjoy a close working relationship with Hays Police Department when violations of federal, state, or local laws surface. This cooperative team approach addresses situations as they arise as well as future concerns.

### **l. Alcohol and Other Drug Abuse**

(<http://www.fhsu.edu/departments.aspx?id=12884907322&terms=alcohol>)

#### **FHSU Philosophy**

Fort Hays State University has long recognized that an academic community is harmed in many ways by the abuse of alcohol and the use of other drugs. This high risk behavior is exemplified by decreased productivity of members of the community, serious health problems, strained social interactions as well as forms of vandalism. Problems associated with the illicit use and abuse of substances have a pervasive impact upon the academic community and are not associated with a singular socioeconomic group or age level. The processes of education and learning are especially impaired by alcohol abuse and the use of illicit drugs.

Fort Hays State University subscribes to the basic philosophy of the Network of Colleges and Universities committed to the Elimination of Drug and Alcohol Abuse, which states:

- A. The institutional establishment enforces clear policies that promote an educational environment free from the abuse of alcohol and other drugs.
- B. The institution will provide education for its members for the purpose of preventing alcohol and other drug abuse as well as educating them about the use of legal drugs in ways that are not harmful to self or others.
- C. Fort Hays State will create an environment that promotes and reinforces healthy responsible living; respect for community laws; campus standards and regulations; the individual's responsibility within the community; and the intellectual, social, emotional, spiritual or ethical, and physical well-being of its community members.
- D. The institution will provide for a reasonable level of care for alcohol and drug abusers through counseling, treatment and referral.

The foundation of the philosophy concerning alcohol and drug abuse for Fort Hays State University is the firm commitment to an educational program which provides the adequate information and counseling to help all members of the academic community to make informed and responsible decisions concerning the use of any controlled substance. The institution is committed to a healthy environment for learning and living.

FHSU has adopted a statement to support the membership guidelines and standards of the Network of Drug Free Colleges and Universities and its commitment to the elimination of drug and alcohol abuse.

**m. Policy** (<http://www.fhsu.edu/departments.aspx?id=12884907268&terms=drug>)

Employees

It is the policy of Fort Hays State University that the unlawful manufacture, distribution, dispensing, possession or use of controlled substances is prohibited in its workplace. Any full or part-time or employee of the University, including faculty, other unclassified staff, classified staff, and students, found to be illegally manufacturing, distributing, distributing, possessing or using controlled substances at (the workplace of) the University, shall be subject to disciplinary action in accordance with applicable policies of the State of Kansas, the Board of Regents, and Fort Hays State University. Officers and employees are reminded that illegal manufacture, distribution, dispensing, possession or use of controlled substances may also subject individuals to criminal prosecution.

As a condition of employment, all employees of Fort Hays State University shall abide by the terms of this policy statement and will notify Fort Hays State University of any criminal drug statute conviction for a violation occurring in the workplace no later than ten (10) days after such conviction. For purposes of this policy, "conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

The term "controlled substance" as used in this policy means those substances included in Schedules I through V of section 202 of the Controlled Substances Act and as further defined by regulation at 21 CFR 1300.11 through 1300.15 (a listing of controlled substances will be maintained in the campus personnel office and at other appropriate locations on campus). The term does not include the use of a controlled substance pursuant to a valid prescription or other uses authorized by law.

This policy statement is an integral part of Fort Hays States University's drug-free awareness program. This policy shall be given to all affected employees.

Students (<http://www.fhsu.edu/judicial/student-code-of-conduct/>)

Fort Hays State University does not permit or condone the consumption of alcoholic beverages by any individual under the age of 21. All laws, local, state and federal, concerning the possession or use of illegal drugs by any student, faculty or staff member will be strictly enforced on the campus and at any event sponsored by the University.

Liquor may only be served at luncheons, dinners or receptions which honor individuals and which occur in connection with official University events and/or fund-raising activities for University programs. The serving of alcohol at such events must be approved, in advance, by the chief executive officer of the institution.

The 3.2 beer law, which went into effect on July 1, 1985 makes it illegal for persons younger than 21 to buy and consume 3.2 beer. The new policy reflects compliance with this law and the University's stance on the issue of alcohol. The specific points of the policy are:

1. No alcoholic or cereal malt beverages will be sold or served or consumed on University property pursuant to the policy without prior approval of the President.
2. Student organizations are prohibited from using their organization funds to purchase beer or alcoholic beverages off campus.
3. Alcoholic and cereal malt beverages may not be consumed on campus by anyone under the age of 21.
4. Canned beer may be possessed and consumed by students living in the residence halls, sorority/fraternity houses, and Wooster Place if they are of legal age. Living groups may develop rules which prohibit drinking.

*n. Legal Sanctions*

Students and employees are reminded that local, state and federal laws provide for a variety of legal sanctions and penalties for the unlawful possession or distribution of illicit drugs and alcohol. These sanctions include, but are not limited to, incarceration and monetary fines.

The Federal Controlled Substances Act provides penalties of up to 15 years imprisonment and fines or up to \$25,000 for unlawful distribution or possession with intent to distribute narcotics. For unlawful possession of a controlled substance, a person is subject to up to one year of imprisonment and fines up to \$5,000. Any person who unlawfully distributes a controlled

substance to a person under 21 years of age may be punished by up to twice the term of imprisonment and fine otherwise authorized by law.

Kansas law provides that any person who violates the criminal statutes on controlled substances by possessing, offering for sale, distributing, or manufacturing opiates and narcotics, such as cocaine and heroin, shall be guilty of a Class C felony. For conviction of a Class C felony, the court may sentence a person to a term of imprisonment of a minimum of three to five years, a maximum of 10 to 20 years, and a fine of up to \$15,000. Unlawful possession of a depressant, stimulant or hallucinogenic drug is punishable as a Class A misdemeanor, with a penalty of to a year in jail and a fine of \$2,500. Depressants include barbiturates, Valium, and barbital. Hallucinogens include LSD, marijuana, and psilocybin. State law classifies amphetamines and methamphetamines as stimulants.

Article 7 of the Kansas Liquor Control Act provides for punishments ranging from up to six months imprisonment and fines of up to \$1,000 for violation of the statutes relating to the possession and distribution of alcohol.

The local ordinances of Hays also provide for prohibitions relating to illicit drugs and alcohol. Generally, these local ordinances are similar in content to state law.

***o. University Sanctions***

*Employees*

In accordance with Fort Hays State University disciplinary policies and practices, when an employee is found to be in violation of the Drug-Free Workplace Statement of Fort Hays State University, he/she may be subject to penalties up to and including termination. Employees may also be required to satisfactorily participate, at their expense, in a drug abuse assistance or rehabilitation program before being allowed to return to work. Appropriate action will be taken within thirty (30) days of Fort Hays State University's notice of a conviction or violation of the University's statement on a drug-free workplace.

*Students*

All violations of policy will be handled on an individual basis, affording each student the right to due process. Procedures of this process are described in the student handbook. If found to be in violation of policy, sanctions which may be imposed include: documentation; probation; educational sanctions; suspension; and / or expulsion.

It is the University's belief that all disciplinary sanctions should provide the opportunity for personal growth; to that end counseling and referral for individual assessment may be included as a condition of any sanction.

r. **Sexual Assault / Offense Policy**

Fort Hays State University is committed to an environment in which students, faculty and staff are free from all forms of harassment, exploitation and intimidation.

It is the university's policy to prohibit harassment of individuals on the basis of their status as a member of a protected class, which includes race, color, religion, gender, age, national origin, marital status, sexual orientation, veteran status and physical or mental disability. The protections afforded by this policy apply equally to all university employees and students. Definitions for gender-based violence can be found at <http://www.fhsu.edu/judicial/gender-based-violence-definitions/>

VIII-13 pg 274 - A description of educational programs to promote the awareness of rape, acquaintance rape and other forcible and non-forcible sex offenses

VII-14 Pg 274 - Procedures students should follow if a sex offense occurs, including:

- 14a - Procedures concerning who should be contacted
- 14b - The importance of preserving evidence for the proof of a criminal offense
- 14c - To whom the alleged offense should be reported

**Policy**  
**Title IX**

Title IX of the Education Amendments of 1972 is a comprehensive federal law that prohibits discrimination on the basis of sex in any federally-funded education program or activity. Created in hopes to better gender equality, Title IX strictly prohibits gender discrimination in any school or university that receives federal funding. Title IX endeavors to achieve equal opportunity for both men and women and FHSU strives to meet this objective in all of its programs and activities.

In compliance with Title IX, FHSU does not discriminate on the basis of sex in any of its education programs and/or activities, including but not limited to admission to or employment in its educational programs or activities.

No form of sexual assault will be tolerated at FHSU. This policy prohibits acts defined as sexual assaults as well as attempts to coerce an unwilling person to engage in sexual activity. In order to implement this policy, the university will engage in timely educational activities to inform members of the community about the types of sexual actions deemed unacceptable and how assaultive situations can be prevented and/or avoided. The university will also take action against those who violate this policy.

### **Reporting and Filing of All Complaints**

Victims of a sexual offence have the option, and are encouraged, to notify the appropriate law enforcement agency of the incident. Fort Hays State University will assist the victim or others reporting a sexual offence with notifying the appropriate law enforcement agency, if requested.

### **Statement of Confidentiality**

FHSU staff will respect the confidentiality of the sexual assault victim and the alleged offender(s) as much as possible, consistent with the university's legal obligations. As noted below, students who wish to report or discuss sexual misconduct incidents should be aware that employees on campus have different reporting responsibilities and different abilities to maintain confidentiality or privacy, depending on their roles at the university. Confidentiality and privacy offer to different levels of protection for information a student shares. Staff who are considered confidential generally would only share information if there was imminent risk to self or others. Staff who are private can share information with others on a "need to know basis," which is lower threshold than confidential sources.

Victims may choose their reporting method. Some victims may prefer to speak with a confidential source first, while others may want to pursue a more formal, non-confidential reporting approach right away.

All complaints may be reported by telephone, in-person, or via the [Incident Report It form](#). The report-it form can be confidential or non-confidential depending whether or not you list your name. You may choose to report an incident in two ways: confidentially or non-confidentially.

### **Confidential Reporting**

Confidential reporting gives the victim the opportunity to speak *confidentially* with a Fort Hays State University profession who works in a health-care or counseling role. This allows victims or witness to report crimes on a voluntary, confidential basis for inclusion in the annual security report. Crimes disclosed to a pastoral or mental health counselor, serving in that capacity at the time of disclosure, are not subject to mandatory reporting. The term "pastoral counselor" is defined as a person who is associated with a religious order or denomination that recognizes him/her as someone who provides confidential counseling. The term "mental health counselor" is defined as a fully qualified and/or licensed professional whose official responsibilities include providing mental health counseling to members of the University's community and is functioning within the scope of his/her license or certification. This exemption does not relieve counselors of the duty to exercise reasonable care to protect a foreseeable victim from danger posed by the person being counseled. When speaking to a victim or witness to a crime, counselors are encouraged to inform the individual to report the crime to University police.

Those reporting options are:

- Kelly Center, 785-628-4401
- Student Health Center, 785-628-4293
- Options Domestic and Sexual Violence Services, 785-625-4202

### Non-Confidential Reporting

Non-confidential reporting means that an investigation will occur with an outcome as well as the review if a timely notification should be sent to campus. Details of the report will only be shared with individuals with a need-to-know basis. Privacy will be protected to the extent possible. To file a non-confidential complaint, please use one of the following options:

1. All victims are encouraged, but not required, to file a Police Report with the University Police Department. Anything that individually identifies an individual will not be disclosed, consistent with state statute.  
911 or 785-628-5304.

In sexual misconduct cases the Educational Conference/Informal Administrative Hearing is a private meeting with individuals at different times. Alleged victims and alleged perpetrators do not have to see each other during this meeting. These cases are heard at the Administrative Hearing level. The standard of proof is by a preponderance of evidence, meaning that it is more likely than not that the event occurred.

- s. **Educational Conference/Informal Administrative Hearing**

In cases of an alleged sex offense, the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding.

If the student is charged with a Code of Conduct violation, he or she will be sent a notice (or called when necessary) to report to the Administrative Officer in order to discuss the charges and disciplinary procedures. If the Administrative Officer and the charged student can agree upon the facts and sanctions concerning the charges, the matter will be considered initially settled and the Administrative Officer will follow up the student conference with a letter to the student. The matter will be considered resolved once the terms of the sanctions have been completed. The terms of the sanctions may range from dropping all charges to suspension (see Sanctions).

In all cases where the facts and sanctions concerning the charges cannot be agreed upon, the Administrative Officer will determine whether the student(s) facing possible disciplinary action will have their case heard by a Student Hearing Panel or an Administrative Hearing.

### **Notification of Accuser and Accused of the Outcome of Disciplinary Proceedings for Alleged Sex Offences**

The Administrative Officer will notify both the accuser and accused of the final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.

#### t. **Sanctions**

When a student admits to being or is found to have been in violation of the Fort Hays State University Student Code of Conduct Regulations, the following responses and sanctions are possible:

- Reprimand - Official censure
- Restitution - Repayment of any monetary damages
- Specifically Defined Sanction - Specific conditions or assignments given to the student; examples include but are not limited to:
  - community service
  - research papers
  - workshop attendance
  - loss of privileges and exclusion from activities
  - exclusion from specified areas of campus
  - special projects or assignments
- Disciplinary probation - Period of review and observation during which the student is warned that the misconduct was very serious and that further violations of the code of conduct may result in more serious sanctions
- Deferred Suspension or Dismissal - Denial of enrollment, attendance and/or privileges for a specified period of time
- Permanent Suspension - Dismissal from the university
- Expulsion - Immediate and permanent removal from the institution (used only when it is believed that the presence of the student will have a detrimental impact on the university community)

#### **u. Educational Programs and Services**

Fort Hays State University promotes awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses during freshman orientation, the UNIV 101 freshman seminar course, and a variety of programs on campus and in the residence halls throughout the year. #### **v. Change of victim's academic and living situation**

Upon the request by the victim of an alleged sex offense, Fort Hays State University will attempt to reasonably accommodate changes to the academic and living situations of the victim. The specific options for those changes will be determined on a case by case basis and will be based on availability at the time of the request. Options may include allowing withdrawals from classes, switching of class sections, changing of resident's halls, as well as others.

#### **w. Sex Offender Registration**

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Fort Hays State University Police Department is providing a link to the Kansas Bureau of Investigation Sex Offender Registry. This act requires registered sex offenders to indicate when they are enrolled or employed at institutions of higher learning.

A name based search of registered offenders is available from the Kansas Bureau of Investigation at <http://www.kbi.ks.gov/registeredoffender/>

For additional information on the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act visit <http://www.ojp.usdoj.gov/BJA/what/02ajwactcontents.html>.

#### **x. Disclosure of Results of Disciplinary Proceedings Policy Statement**

Upon written request, the University will disclose the results of any disciplinary proceeding conducted by Fort Hays State University against a student who is the alleged perpetrator of any

crime of violence or a non-forcible sex offense to the alleged victim, or the next of kin, if the victim is deceased.

**x. Information regarding the Clery Crime Statistics Data**

Clery Crime Statistics are posted on the web at: <http://www.fhsu.edu/judicial/security-report/> or may be requested from the Office of Student Life, 208 Sheridan Hall, Hays, KS 67601; or [KNNICHOLS@FHSU.EDU](mailto:KNNICHOLS@FHSU.EDU).

Prior to the report, the following statement was used in reporting campus numbers: “\*\*The On-Campus category includes ALL on-campus incidents, including those listed as “Residential Facilities” and “Non-campus” (Greek housing).

In accordance with Federal Law, the Fort Hays State University Police Department maintains a daily log for all crimes reported to the Fort Hays State University Police Department. The crime log is open for inspection to the public and includes the nature of the crime, date and time of occurrence, general location and disposition of the complaint, if known. The law requires that this initial information be open for public inspection within two business days of the report of the crime unless the release of the information would jeopardize an on-going investigation, cause a suspect to flee or result in the destruction of evidence. It also requires new information about the entries be made available within two business days. The crime log can be viewed from 8:00 a.m. to 4:30 p.m. Monday through Friday at the Center of Public Safety (C.O.P.S.), room #112 Custer Hall, 420 Custer Drive; Hays, Kansas. Every attempt will be made to have the log updated by 10:00 a.m. during regular business hours.

The statistical information contained herein represents crimes reported solely to the University Police Department and converted from the Kansas Incident-Based Reporting System (KIBRS), to requirements relational to the Jeanne Clery disclosure of Campus Security Policy and Campus Crime Statistics Act {20U.S.C. 1092} (f), for collaboration of the annual security report submitted to the U.S. Department of Education by Fort Hays State University.

## X. Missing Student Notification Procedures:

FHSU is required, under the Higher Education Act, to notify the custodial parent of a student who is under the age of 18, not later than 24 hours after the student is missing. Official missing student reports must be referred immediately to the FHSU Police Department. UPD officers have been trained on how to investigate and respond to a missing persons report.

All FHSU students, including those living in an on-campus student housing facility, who are 18 years of age or older have an option to identify an individual to be contacted, within 24 hours from the time the student was determined to be missing. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information. Students can register their information within Tiger Tracks on the FHSU website at: <https://tigertracks.fhsu.edu>. Students need to log in to Tiger Tracks; click on Online Services; click on Personal Information and keep current the Next of Kin/Emergency contact information. All students, even if they have not registered a contact person, should be advised that the local law enforcement will be notified that the student is missing. Students less than 18 years of age and not emancipated should be advised that their parent or guardian must be notified in the case the student is missing.

Additionally, FHSU is required to notify the University Police Department not later than 24 hours after the student is missing. If it is determined that the student has been missing for more than 24 hours, the University Police Department will contact the emergency contact person or parent if the student is under 18 years of age.

For students residing in campus housing that have been missing for more than 24 hours, the University will notify the Vice President of Student Affairs, the Director of Residential Life, and the Director of the Kelly Center, or their designees. Additionally, any official missing person report on students missing for more than 24 hours will be referred immediately to the University

Police Department for the appropriate missing person(s) investigation. If it is determined that the student has been missing for more than 24 hours, the University Police Department will contact the emergency contact person or parent or guardian if the student is under 18 years of age.

**XI. Fire Safety log:**

A “Fire Log” is maintained by the University Police Department for all fires occurring in an on-campus housing facility. The Fire Log is open for inspection to the public and includes the date the fire was reported, nature of the fire, date of the fire, cause of the fire, injuries, deaths and the damage sustained. The Fire Log can be viewed from 8:00 a.m. to 4:30 p.m. Monday through Friday at the Center of Public Safety (C.O.P.S.), room #112 Custer Hall, 420 Custer Drive; Hays, Kansas. Every attempt will be made to have the log updated by 10:00 a.m. during regular business hours. In 2013, the “Fire Log” was combined with the “Crime Log”.

**XII. Fire Safety Statistics:**

No fires occurred within On-campus student housing during the 2013 reporting period.

**a. On-campus student housing fire safety system:**

The University is subject to inspection and standards established by the Fire Marshal of the State of Kansas for code compliance. Typically, the City of Hays does not perform fire inspections of the University unless requested by the State Fire Marshal or in response to a verifiable complaint regarding a fire hazard or code violation. Additionally, as prescribed by K.S.A. 75-1250 et. seq.,

the University will continue to adhere to the standards prescribed by the State of Kansas Department of Administration's Division of Architectural Services.

All academic and residential life buildings, within the defined boundaries of Fort Hays State University, are actively monitored with interactive fire alarm systems, which reports directly to a 24-hour monitoring service, which in turn, notifies the Hays Law Enforcement Dispatch Center. This excludes areas within the agricultural and/or farm areas.

Various fire suppression systems, commonly referred to as fire sprinklers, are utilized as required by statute/code and enforced by the Fire Marshal.

**C. Fire Drills:**

During the reporting period of 2013, the University conducted 2 supervised fire drills for each of the residence halls. A team consisting of members from the University Police Department, Residential Life, and Environment & Safety supervised and critiqued the drills. Results of the critique were discussed with Student Affairs Staff.

**d. Policies or rules on Portable Electrical Appliances, Smoking & Open Flames in a student housing facility.**

- All residence halls are smoke free. Smoking is permitted outside the building. Use of incense and/or open flames in the residence halls is prohibited. Candle warmers are permitted and encouraged.
- Cooking: The residence halls are not equipped with the kind of wiring, plumbing or ventilation systems which permit cooking in student rooms. Each hall has a kitchenette area that residents may use for cooking. Residents are expected to clean up after themselves.
- Microwave Ovens: Each floor is equipped with a common microwave oven for residents to use. Only microwave-safe dishes and utensils may be utilized and food is not to be left unattended. Failure to follow appropriate cooking methods may result in excessive heat/smoke production which will trigger the hall fire alarm system. Intentional disregard of cooking methods or failure to adhere to reasonable safety procedures which results in fire safety system activation will result in disciplinary action for a fire safety violation.

**e. Student housing evacuation procedures for response to a fire:**

Campus Emergency Response Guidelines may be found on the Fort Hays State University Police Department webpage, under “Campus Emergency Response Guidelines,” located at <http://www.fhsu.edu/police/emergency.shtml>.

Residential Life residents will be notified about a fire in their building through the building’s fire alarm.

***Discovering a Fire:***

- Remain calm; close the door to isolate the fire if safe to do so.
- Pull the manual fire alarm to start the evacuation and **call 911**.
- Use a fire extinguisher on a small, confined fire if you have been properly trained and it is safe to do so.
- Report any person trapped, injured or unaccounted for to 911, the [University](#) Police or the Hays Fire Department.
- Exit the building

***When an Alarm Sounds:***

- Upon hearing an alarm, evacuate the building in an orderly fashion. If possible, close all interior doors and turn off the lights behind you. Do not lock the door.

- Move to the closest exit and proceed down the exit stairwell in a safe and orderly manner. Do not use the elevators! Emergency exits are conspicuously marked with an illuminated sign.
- Residential Life staff should assist students and visitors in a prompt and orderly evacuation to a safe area at least 200 feet from the building and report any missing or trapped person to 911.
- Remain at least two hundred (200) feet outside of the building in the safe area and await further instructions from the University Police personnel or the Hays Fire Department. In the event of inclement weather or a prolonged evacuation, the Director of Residential Life or designee should make arrangements for the temporary sheltering of displaced residents in a nearby Residential Life building or other available University building.
- Do not go back into the building for any reason until directed to do so by Emergency Personnel. If you have a problem or concern, notify University Police or 911.

***Evacuation Guidelines for Persons with Disabilities:***

- *Persons using wheelchairs:* If you are on a ground floor, you may not need assistance exiting the building. Proceed to a safe area 200 feet from the building and wait for instructions on when the building may safely be reentered. If you are located in a multi-level building, exit to the nearest designated evacuation point. (*Designated evacuation points will be discussed at resident hall meetings to inform residents of the locations and evacuation routes.*) Ask for assistance. Contact 911 or have someone notify the University Police or Fire Department as to where you are located in the building.
- *Persons with mobility impairments:* These individuals may use crutches, canes or walkers. Ask for assistance. If you are unable to use the stairs, follow the procedure for persons using wheelchairs (above).
- *Persons who are deaf or hard of hearing:* Buildings are equipped with visual fire alarm systems. Be familiar with the evacuation route in your building before an incident occurs. Ask for assistance by writing a note or using hand gestures. (*Evacuation routes will be discussed at residence hall meetings to inform residents of the evacuation routes.*)
- *Persons who are blind or visually impaired:* Buildings are equipped with audible fire alarm systems. Ask for assistance evacuating and let the person know how to assist you. If you have a guide dog, instruct the person on how to assist you.

***Designated Evacuation Points within Residential Life:***

- Wiest Hall - North elevator lobby on each floor
- McMIndes Hall - Central elevator lobby on each floor
- Agnew Hall - Service desk lobby on main floor
- Custer Hall - Lobby or corridor areas adjacent to elevator
- Stadium Place Apartments - No designated evacuation points
- Wooster Place Apartments - No designated evacuation points

**f. Training:**

Fire safety education and training programs will occur for residential hall students at fall and spring floor meetings. Ongoing training and evacuation drills will address fire safety and evacuation procedures for staff and students.

**g. Reporting a fire and notification:**

Should a fire occur, 911 should be contacted immediately. In the event that 911 is not contacted or the fire alarms not activated, employees and or students are still required to report the fire to the University Police Department for inclusion to the fire statistics report.

**h. Improvement in fire safety:**

At this time, future improvements in fire safety are not necessary.

## **APPENDIX B:**

The following is a summary of those agreements between Fort Hays State University and/or the University Police Department and various outside agencies.

### ***Annexation Agreement between the City of Hays and Fort Hays State University - May 2, 1995***

Section 6 defines the authority of the University Police Department as it relates to the Annexation Agreement. Specifically, it states "The University will continue to maintain its autonomous police force with the authority, powers, and jurisdiction as statutorily authorized in K.S.A. 76-726 et. seq. The University and City police will continue to cooperate and to provide assistance to each other whenever possible and appropriate." Section 7 defines the authority of the University for parking regulations and enforcement. Specifically, it states "The regulation of parking on University property shall remain under the control of the Kansas Board of Regents pursuant to K.S.A. 74-3209 et. seq. or successor statutes, or the policies or regulations promulgated by the Kansas Board of Regents or University. The University's Police Force will continue enforcement of traffic and parking violations on the University campus. Parking violations will be enforced and adjudged through the University system as authorized by K.S.A. 74-3210a et. seq. or successor statutes, or policies or regulations promulgated by the Kansas Board of Regents or University."

Section 12 generalizes Emergency Management and Cooperation between FHSU and the City of Hays. Specifically, it states "The City and University pledge to work together in emergency management of natural or man-made emergencies and pledge to continue to work together to both prevent and alleviate disasters and emergencies."

The UPD represents FHSU as a participating member of the Ellis County Communications Group, Ellis County Local Emergency Planning Committee and the Ellis County Emergency Operations Center.

Fort Hays State University does not maintain an autonomous fire department and is reliant upon the City of Hays Fire Department to provide those services as outlined within the annexation

agreement between FHSU and the City of Hays. In Section 2, it specifically states "The City shall provide fire protection to the University free of charge consistent with and as provided to other entities within the City. The University shall maintain its active efforts to prevent false alarms."

***City of Hays Police Department Agreement with FHSU Police Department - December 2, 2005***

This agreement gives concurrent enforcement authority to FHSU Police Department within the city limits of Hays and is considered a request for assistance by the City, pursuant to K.S.A. 22-2401a. This agreement does not alter, diminish, or increase the jurisdiction or responsibility of the City or FHSU, and their police departments, but eliminates the necessity of having a specific prior request for assistance from the FHSU Police Department to respond to calls in areas populated predominately by students and university personnel in any area within the city limits of the City of Hays, Kansas.

***Ellis County High Technology Crime Unit (HTCU) Memorandum of Understanding - March 27, 2003***

Establishes an agreement between the FHSU Police Department, Ellis County Attorney's Office, Ellis County Sheriff's Department and the Hays Police Department. Resulted in the formation of a joint investigative crime unit for the purposes of investigating technology-related crimes within Ellis County.

***MOU between FHSU Police and the Kansas ICAC Task Force - March 27, 2003***

The purpose of this MOU is to maximize interagency cooperation, formalize relationships between member agencies and investigate suspects who utilize the Internet to seek, harm or exploit children as sexual partners and/or traffic in child pornography. The Kansas Internet Crimes Against Children Task Force includes investigators and supervisors from various local, state, and federal law enforcement agencies who provide assistance both locally and in various jurisdictions, subject to availability.

***Statement of Agreement between FHSU and the Ellis County Chapter of the American Red Cross***

Written agreement designating Gross Memorial Coliseum (GMC) as a mass care shelter for Ellis County. This requires a request by Red Cross, in consultation with the Ellis County Emergency Management office and the University Police Department, to provide physical facilities to support the American Red Cross disaster relief. The shelter will be staffed & closed by Red Cross during the duration of the disaster event. GMC is generally used for sheltering during inclement weather, such as blizzards when the highways are closed and all motels are at capacity.

***MOU between Hays Unified School District #489 and Fort Hays State University***

Defines the process to be used by USD #489 and Fort Hays State University in the event of a crisis incident requiring the emergency evacuation of schools to FHSU's Gross Memorial Coliseum for student sheltering operations. The Superintendent of Schools or designee is authorized to order evacuation to FHSU when no other options are available for sheltering, after notification to the University Police Chief or designee. USD #489 is responsible for the transportation & supervision of students. FHSU is responsible for directing USD #489 to

appropriate entrances and will unlock doors and provide lighting, heating and restrooms for the duration of the evacuation. All agencies agree to work cooperatively in order to safeguard USD #489 students in the event of a major crisis event.
