Should the Contractor fail to remedy the conditions within ten (10) days from the receipt of the notice (or such longer period as University may authorize in writing), the FHSU Purchasing Director shall issue the Contractor an order to stop work immediately. SPECIFICATIONS

Fort Hays State University has established this contract to select pre-approved contractors for On-Call Construction Projects. These pre-approved contractors will be notified and invited to participate in the bid process for On-Call Construction Projects.

SCOPE OF WORK

Fort Hays State University will be requesting bids for general construction to include all labor and materials at various times. All pre-approved contractors will be allowed to bid on any or all of the requests. The value of the projects constructed under this contract will typically be under \$250,000.00 dollars and over \$10,000.00 dollars. All projects awarded under this contract will be executed under the general conditions that have been attached.

BID PROCESS

From time to time Fort Hays State University will determine that a project needs to be constructed using the On-Call Construction Contract. On these occasions, sets of construction documents will be sent to all pre-approved contractors. A bid date and completion date for the project will be included in the documents. The bids will be considered using two factors. The first will be the project cost. The second will be the contractor's ability to meet the project schedule. If a contractor fails to complete a project by the specified completion date, including all punch list items, that contractor will not be allowed to bid additional projects until the original project is complete. If a contractor consistently fails to meet the specified completion dates for projects, Fort Hays State University will have the right to discontinue their status as an approved contractor.

All bids will include all labor, materials, equipment, tools, transportation, supervision, permits licenses and taxes (as applicable) to perform the work prescribed on a project by project basis.

FHSU will request the necessary bond paperwork from the awarded vendor for each project.

SPECIAL PROVISIONS

Subcontractors: The contractor shall be the sole source of contact for the contract. The State will not subcontract any work under the contract to any other firm and will not deal with any subcontractors. The Contractor is totally responsible for all actions and work performed by its subcontractors. All terms, conditions and requirements of the contract shall apply without qualification to any services performed or goods provided by any subcontractor.
