

STUDENT HEALTH CENTER

## Welcome FHSU Students:

The Student Health Center is committed to providing high quality health care and educational outreach services. Our approach focuses on the delivery of comprehensive and individualized care that emphasizes the promotion of personal wellness. Within the college community, we strive to empower students with knowledge designed to encourage healthy living.

The FHSU **Student Health Center** is staffed by a part-time physician, nurse practitioners, registered nurses, certified nurse's aides and support staff. The office is open Monday through Friday from 8:00 am to 4:30 pm and closed on weekends and holidays. Appointments can be made by calling (785) 628-4293 or scheduling your appointment on-line via Vivature Health. Walk-ins are also welcome.

Upon appointment check-in, all patients must provide their Tiger ID Card <u>and</u> insurance card at time of service. The **Student Health Center** accepts most forms of insurances and submits to numerous carriers. Prescribed and over-the-counter medications are available and can be purchased from the **Student Health Center**. All forms of payment are accepted: cash, check, credit card, and Tiger Card. Patients will be notified of all outstanding balances via their FHSU email account.

Care at the **Student Health Center** is private and confidential. This means that a patient's medical information or even the fact that a medical appointment occurred **cannot** be shared with any parties unless written consent is given.

We look forward to being a part of your FHSU experience. Please feel free to stop by the **Student Health Center** (located in the Memorial Union, lower level) for any health related questions or concerns.
