FHSU biology undergraduates research diabetes and obesity, with help from catfish
Two Fort Hays State University biology undergraduates are working throughout the summer researching the causes of diabetes and obesity in humans by examining the genes of channel catfish.

Encore Series presents 35th season
07/29/15
One of the most popular biblical stories turned into a musical, a reimagined classic and a legendary orchestra headline the 2015-2016 season of the Encore Performing Arts Series at Fort Hays State University.

FHSU group chases storms
07/29/15
Students recently chased storms across eight states during an 18-day trip led by Fort Hays State University’s Geosciences Department.

Features
Australia trip ‘experience of a lifetime’ for Fort Hays State University student
07/16/15
Growing up in a small town in central Kansas, Anna Hand was heavily involved in high school activities in Ellsworth.

Shriners Hospital patients show off strength of a different kind
07/24/15
The slogan for the annual Kansas Shrine Bowl is “Strong Legs Run That Weak Legs May Walk.” But even at a strapping 230 pounds, Ethan Fritschi didn't feel so strong Thursday afternoon.

Accomplishments and Happenings
High Plains Music Camp honors former director
Lyke Oliver, former High Plains Music Camp director, was honored at the camp’s faculty orchestra concert July 16. High Plains and Fort Hays State University staff, students and alumni celebrated Oliver's 90th birthday.

Coming Up
Save the Date for the first Faculty & Staff Professional Development Day, August 11.
Check out the online FHSU Master Calendar for daily events on campus.
