1	25.00%	<div></div> I feel as though it wasn't very well announced, and could have been a little bit more. I feel as though we opened it up to everyone, but really it was just mostly Greeks. So if we are going to do this we need to jump on it a little sooner, and partake better in it!! Market, Market, Market!!!
1	25.00%	<div></div> I had so much fun at the Rock Band Lip-sync Competition, I hope this becomes an annual event and to see even more participation! And it's for a good cause which is even better
1	25.00%	<div></div> I was so impressed with the quality of performances from each chapter.
1	25.00%	<div></div> Very well ran event and very well attended and liked, only criticism is that the judges shouldn't be affiliated with any of the participating fraternities or sororities. Ex. an alum from a different university, or an adviser of the chapter. Conflict of interest, I don't feel like their involvement in these organizations had an effect on the outcome of the event, but it is something that someone could argue and make a valid point for.

1	25.00%	<div></div> I feel as though the guys had a huge advantage in this game. Maybe the rules should have been a little different. Or we should for sure plan a little better next time more activities that could take place if there were to be weather problems again!
1	25.00%	<div></div> I was really bummed out that it was only regular dodgeball instead of spongeball because of the weather. I felt like the boys had an unfair advantage in that.
		<div></div>

	1	25.00%	<div><div></div></div>	I wish we would have nixed this as a competition and made it a community game night or something like that since it was raining.
	1	25.00%	<div><div></div></div>	This was difficult, but the teams were completely unfair. Some chapters had 15 people and would play a team with 4, which is totally not fair for dodgeball.

Thursdays are hectic for everyone, and really not that many people are on campus on Tuesdays & Thursday. Another thing again is to Market the event!!! We need to advertise better, for a more noticeable outcome!!

	Count	Percent		
	1	33.33%	<div><div></div></div>	I think that is ridiculous that Chandra Daffer judges the parts of this that do not involve the actual race part. She has a TOTAL BIAS towards Delta Zeta and it is outrageous that she is allowed to be in charge of judging events, not to mention being in charge of Greek Life.
	1	33.33%	<div><div></div></div>	In the rules it should be stated whether this is a chariot race or a push cart race. A chariot is a two wheel structure pulled from the front. The majority of the chariots were just carts.
	1	33.33%	<div><div></div></div>	Once again one of the best, and most looked forward to events of Greek Week. In the Greek Week Rule Book it never defines what a chariot is. It says "pulled" in every instance, minus one where it does say push. But by definition a "chariot" is something that is pulled. This led to great debate in our chapter when we were building our chariot, since we didn't want to be disqualified we went with what the rule book refereed to when it said "pulled." Two years in a row now we have had a chariot "break" on the track and be ended up being carried across the finish line. The first year this happened the chapter was disqualified from the race because it was carried across, not pushed or pulled. But this year the same thing happens, but instead this chapter is awarded the teamwork award for the event. It should be decided on what the outcome will be if a chariot is carried across and the decision should be stuck with as to not offend anyone. i know for a fact that the chapter from the first year remembered that they were disqualified and they didn't appreciate the outcome.

	Count	Percent		
	1	20.00%	<div><div></div></div>	I didn't think the TKE Four-square should have been mandatory. The next four-square competition should include faculty refs instead of students. There were misunderstandings about rules and such. But the root beer was good and I had fun seeing all the chapters.
	1	20.00%	<div><div></div></div>	I think that it's great to help out St. Judes, but once again this should be a All Greek Philanthropy Project. We should have done something that would benefit all of Greek, and also maybe something more that would benefit the City of Hays because they are big supporters of us. It's only fair for us to give back to them!!!

1	20.00%	<div><div></div></div>	I was not able to attend so I do not have an accurate rating for it.
1	20.00%	<div><div></div></div>	Shouldn't be able to change rules in middle of tournament. Think about rules before the tournament starts.
1	20.00%	<div><div></div></div>	This event seemed very unorganized and unprofessional; the judges should have been non-students.

1	16.67%	<div><div></div></div>	The clues should be put out by someone not greek affiliated secretly.
1	16.67%	<div><div></div></div>	The medallion was found the morning it was hidden. It just seemed almost unfair or the chapter kind of already knew where it was hidden.
1	16.67%	<div><div></div></div>	The sigma chi's cheated. they followed some AGD girls that figured out the clue & then ran ahead & took the medallion.
1	16.67%	<div><div></div></div>	There was some cheating with this event that I was not very impressed by.
1	16.67%	<div><div></div></div>	Two fraternity men watched the first clue be taped to the monument on Monday morning. I realize that there is only so much that the committee can do but, the clues should be put out early enough that no one will see, or be put out by non-greeks.

People should want to come. I think there needs to be something in the rules that says a chapter cannot make every event mandatory and finable.
1	25.00%	<div><div></div></div>	I loved the Chapter Participation Points. It encouraged people to get out to Greek Week to help their chapter.
1	25.00%	<div><div></div></div>	I think it was very good to stress total chapter participation throughout greek week.
1	25.00%	<div><div></div></div>	If Serenade was held during greek week wins should be awarded points.

1	6.67%	<div><div></div></div> go by the rules on chariot races
1	6.67%	<div><div></div></div> Greek Week went good; however, it should have been more organized and I would have liked to be informed a few weeks in advance of the schedule in order to prepare.
1	6.67%	<div><div></div></div> I feel like you should start planning it a little sooner, and be ready for all that comes at you. Things change, but if you have a plan then you'll be ready for what comes your way.
1	6.67%	<div><div></div></div> I really like Greek Week compared to Weekend. Great job, I look forward to another wonderul year next year as well. Greek Week continues to be one of my favorite bonding activities as a Greek Community member.
1	6.67%	<div><div></div></div> I think it was a great week!
1	6.67%	<div><div></div></div> I thought that the penny war design of the jar was a dumb rule as well as a competition that really didn't seem to have much merit to it. 4-square tournament was a good idea for greek week, however, I think some chapters thought it was odd that one specific chapter was getting significant publicity for something that was "required". I would suggest doing this. Don't have every event equal the same max amount of points. Keep the medallion at 200. On Monday have the major competion be the banner, Tuesday make it the chariot race, Wednesday have a scholars bowl/academic challenge to see who has academic prowess, Thursday have another "arts" competition and Friday a dodgeball compo. Balancing it out between arts, athletics and academics. Also, instead of chariot races, what about canoe races in Big Creek instead of chariot? They used to do it in the 60's and 70's might be fun to bring back.
1	6.67%	<div><div></div></div> I wish we did not have to pay for events
1	6.67%	<div><div></div></div> none
1	6.67%	<div><div></div></div> Not every member of the chapter has time to do letter check ins.
1	6.67%	<div><div></div></div> Overall, I enjoyed it.
1	6.67%	<div><div></div></div> There were a lot of events that we had to participate in to get points for greek week that we had to pay to enter our teams. I think it brought down the teams spirit worrying about who would participate, not to mention where the funds would come from to enter our team. I think we need to focus on getting the community involved and raising funds from them instead of only the Greek community.
1	6.67%	<div><div></div></div> try and make it more known that everyone on campus is allowed to participate in the certain events and not just greeks
1	6.67%	<div><div></div></div> try to schedule spongeball on the nicest day of the week.
1	6.67%	<div><div></div></div> You guys did an awesome job this year, it was very successful and i look forward to next year. Thanks again for all your hard work guys!
