Minors or concentrations are within a major or degree program.

Certificate Programs: certificate programs usually require between 6 and 19 credit hours and are composed of courses specific to an area of study; all classes leading to a certificate must be taken for credit; courses cannot be counted toward more than one certificate; students are designated as “certificate students” when they declare an intent to complete a certificate plan (e.g., Leadership Studies) and a university application; upon completion of certificate requirements, the program director will authorize the issuance of a printed certificate.

Cognate Course: a course related to a discipline (yet not within the major) which is required for completion of a degree program.

Concentration: a subset of 24 credit hours or less of coursework within a major or degree program (e.g., Bachelor of General Studies) with a focus on a particular topic or field (sometimes called an area of concentration).

Co-requisite: a course/laboratory /activity required to be taken at the same time as another course/activity.

Course: a unit of academic work designed around a content area that involves a purpose, various activities, and ways of measuring success; a course is usually one semester long for which credit toward graduation is awarded; courses numbered 000-099 do not count for degree credit.

Credit by examination: pre-approved credit by examination options are offered through Advanced Placement (AP), Fort Hays State University Local Examinations, the College Level Examination Program (CLEP), Regents College Proficiency, and Military Service Credit.

Degree: an academic title Fort Hays State University is authorized by the Kansas Board of Regents to confer on individual students as official recognition for completion of a degree program; a student may receive more than one degree.

Degree Program: a prescribed academic plan of study consisting of no less than 124 credit hours in which a student usually pursues at least one major or area of concentration (e.g., the Bachelor of General Studies).

Degree Seeking: a student who desires to earn a baccalaureate or associate degree at the university.

Degree Summary: a document showing the requirements for a degree program and courses completed.

Department: an administrative unit for organizing, coordinating, and delivering educational services; a department can administer more than one program (e.g., Sociology and Social Work); one of 28 academic units (not programs) in the university’s academic affairs division.

Enrollment is not official until fee payment or an officially approved fee deferment is processed through Student Fiscal Services. The university’s official enrollment process is to MAKE PAYMENT ARRANGEMENTS thru TigerEnroll.

Full-time Student: an undergraduate student registered for 12 or more credit hours, or any graduate student registered for 9 or more credit hours. Hours: sometimes referred to as semester credit hours unless specifically stated otherwise.

Lower Division Courses: courses numbered 100-299 ordinarily taken by freshmen and sophomores.

Major: an undergraduate academic program/plan consisting of 30 or more credit hours in which a student concentrates disciplinary coursework; most undergraduate degrees require a major for graduation.

Minor: an academic program consisting of at least 20 but no more than 24 credit hours of coursework taken by students outside their chosen major(s); students cannot have minors within their majors.

Pre-enrollment: The pre-enrollment process occurs when classes are submitted thru TigerEnroll. Pre-enrollment should occur after consultation with your academic advisor.

Prerequisite: a course/requirement to be successfully completed or a condition to be met before a student may enroll in a specific course, laboratory, program, etc.

Program: a system of courses (curriculum) and learning opportunities (co-curricular and extra curricular) arranged in a coherent, comprehensive pattern to produce a well defined, measurable, and desired set of learning outcomes; an academic plan to foster students’ academic development; programs are commonly administered by a department or director.

FREQUENTLY ASKED QUESTIONS

What is the difference between pre-enrollment and enrollment?

Pre-enrollment is when a student's classes are secured in TigerEnroll. Enrollment is when the student finalizes pre-enrollment by making payment arrangements in TigerEnroll.

How do I pre-enroll for a class?

The *University Catalog* states that pre-enrollment for a subsequent semester is conducted after each semester mid-term. Those who pre-enroll complete enrollment through TigerEnroll prior to the deadline for a semester term. Dates for pre-enrollment and finalizing enrollment can be found in TigerEnroll.

What is a normal load for a full-time student?

To be eligible for financial assistance, you must take a minimum of 12 hours. However, the average student will take 15 hours. Students who wish to take more than 18 hours must receive permission from the department chair and/or dean of the college.

Can I change my advisor without changing my major?

Yes. You need to visit with the department chair of your major. The chair will help you through the process.

Can I change my major?

Yes. To change an undergraduate major prior to pre-enrollment, you should contact the Registrar's Office. Once you are enrolled, make major/minor changes through your department chair.

Where can I get help with study skills?

Academic Success Programs are offered in the Kelly Center.

Can I add or drop a class during the semester?

Yes, degree-seeking students may officially add open courses for a semester/term with advisor approval following dates established and posted to the academic calendar. Students may withdraw from full-semester courses through 11:59:59PM CT on the 35th day of the semester. Students withdrawing during this time period will not receive any notation on their transcript. Students who withdraw after this period and through 11:59:59PM CT on the 70th day of the semester will receive a notation on the transcript of withdrawal (W). No withdrawals after the 70th day of the semester. Students receiving financial aid have additional responsibility and should contact the Office of Student Financial Assistance in Custer Hall, 785-628-4408.

Academic Calendar Website: <http://www.fhsu.edu/registrar/calendarbase.shtml>

How do I drop a class?

Students can drop a class through TigerEnroll on the Pre-enrollment/Schedule Change tab. Acceptance is based on the timeframe for withdrawing from courses. Students receiving financial aid have additional responsibilities and should contact the Office of Student Financial Assistance in Custer Hall, 785-628-4408 and Student Fiscal Services, 110-G Sheridan Hall, 785-628-5251.

How do I add a class?

Students can add an open class through TigerEnroll on the Pre-enrollment/Schedule Changes tab. Acceptance is based on the time frame for adding courses and class maximum enrollment. The course add becomes official for the student on the date the request is submitted to TigerEnroll. Payment is due at the time the class is approved and is to be made through TigerEnroll.

If I am on the four-year guarantee program, but have not met one of the criteria to remain in good standing, what will happen?

Your advisor will make a note on the four-year agreement form as to the reason for discontinuance of the program. A photocopy will be sent to the Registrar's Office. The Registrar will notify active participants and their parents at least once a semester regarding program status.

What do I do if I have an illness or family emergency which keeps me away from classes?

The Office of Student Affairs will send notes to instructors when students are ill at their parental home or hospitalized for several days. Notes are NOT sent when a student is ill in Hays or when only one or two days of classes are missed. The Office of Student Affairs has a system for getting information about serious illness or personal/family emergencies to instructors. It should be noted that the Office of Student Affairs does not provide "excuses" for being absent from class- **only an instructor may excuse an absence.**

How do I determine my GPA?

The grade point average is determined by dividing the total number of grade points earned by the total number of credit hours in which grade points are recorded.

What is the Satisfactory Academic Progress (SAP) policy and how can I get a copy?

In order for students on federal aid to continually receive loans, grants, and/or work study, satisfactory academic progress must be met. A student must maintain at least a 2.0 cumulative undergraduate GPA or a 3.0 graduate GPA and complete a percentage of the classes attempted during any academic term. In addition, students have a limit on the number of hours they can attempt while receiving aid. This policy also includes funding from the State of Kansas and various scholarships. Students placed on financial aid suspension will not be eligible for aid until university standards are met or the student has an appeal approved. For further explanation, refer to the Satisfactory Academic Progress policy available in the Financial Assistance Office, *University Catalog*, and on the Financial Assistance Web page.

Financial Assistance Website: www.fhsu.edu/finaid/sap.html

Is there any way to improve a grade if I am not satisfied with it?

Yes, (reference the *University Catalog*) a student may attempt to improve a grade in a FHSU course only by repeating the course. All grades remain on the student's transcript, and the grade for the last enrollment in the course will be used in determining grade points. The grade in the course being repeated will also contain a notation RP (Repeated) on the transcript.

Where do I find my graduation requirements?

Through consultation with your advisor as well as through the *University Catalog and TigerTracks Online Services*, you may find the graduation requirements for your major(s). The transcript analysts in the Registrar's Office prepare degree summaries for first-semester sophomores, juniors and seniors and transfer students, who have 45 or more credit hours. These summaries provide an outline of the courses required to meet the specific graduation requirements for individual majors. Once the degree summary has been signed by the advisor and returned to the Office of the Registrar, it will be accessible from TigerTracks Online Services.

What is a degree summary?

A degree summary is an outline of the courses required to meet your graduation requirements.

Where can I find out about employment while I am a student?

The Student Employment and Career Services offices provide students with a variety of potential employment opportunities. Student Employment offers part-time jobs on campus and Career Services offer part-time jobs on and off campus as well as summer employment and internships. Career Services can be a valuable resource when it comes to finding a job after graduation.

TIGERENROLL

Online Student Enrollment System

Logging in to TigerEnroll

- STEP FIVE: You will be asked to login again. Please provide your username and password for TigerTracks and click LOG IN.

You are now in TigerEnroll.

You will see a five tab screen, beginning with the Worksheet tab once you have successfully logged on. Each tab represents a different step in the TigerEnroll process. The process follows a tab-by-tab sequence, starting always with the Worksheet. The tabs are:

- **Worksheet:** Student and/or academic advisor builds schedule here.
- **Enrollment Holds:** All holds with type and contact information are provided here.
- **Pre-Enroll/Schedule Changes:** Student will submit courses to academic advisor on their scheduled day here.
- **Advisor Approval:** Academic advisors approve or deny courses here.

TigerTip: The five tabs follow the same order as the enrollment process.

The Worksheet tab allows you to add courses of interest to your worksheet without actually reserving a seat in the course.

- STEP ONE: Select the semester of pre-enrollment from the drop down menu under Semester Options. For example, 2009 – Fall.
- STEP TWO: Use the Course Search features to select the course(s) of interest. The search feature operates the same as those found on the current TigerTracks system.
- STEP THREE: Once a course(s) has been found, place a check mark by clicking the box next to (on the left) the course of interest, then clicking .
- STEP FOUR: Once *all* courses of interest are loaded to the worksheet, any unwanted courses may be removed by placing a check mark next to the unwanted course and clicking .

Tiger Tip

Adding courses to a Schedule Worksheet does NOT guarantee a seat in the course(s).

The Enrollment Hold tab will show you if you have any type of enrollment hold(s). Unresolved holds will block you from proceeding to the Pre-Enroll/Schedule Changes Tab! *It is important to follow the instructions listed if you have any holds BEFORE your date to pre-enroll for classes!* If you have no holds, proceed to the next tab.

The Pre-Enroll/Schedule Changes tab allows you to submit your schedule for advisor approval through TigerEnroll at 12:01 AM CST on or after your scheduled pre-enrollment date, as assigned by classification. Schedules cannot be submitted prior to your assigned date. Your academic advisor CANNOT approve your schedule until you submit it. If you are unaware of your pre-enrollment date, it is always posted under this tab on the worksheet section at the bottom of the page.

- STEP ONE: Click on the Pre-Enroll/Schedule Changes tab. Select Open courses from the list of classes and click on .
- STEP TWO: Wait for your academic advisor to approve your schedule. At this point **you have secured a seat in the courses you submitted**. You will receive an E-mail from TigerEnroll to your scatcat e-mail account informing you that a change to your course(s) has been made and the status of your course on this tab will change from "PRE" to "EN".
- STEP THREE: If you need to change a course you have already submitted and/or received advisor approval for, you will do so under this tab. Once you have submitted a course change on this tab, you have a seat in the course.

The Advisor Approval tab is where your academic advisor approves or denies the course(s) you submitted.

- STEP ONE: Academic advisor will approve or deny each course after reviewing your schedule.
- STEP TWO: After your academic advisor has reviewed your course(s) and either approved, denied or set the course to advisor waiting on student, you will receive an E-mail from Tiger-Enroll. Your academic advisor may also suggest changes to your schedule; in which case they will contact you to discuss these changes. You can also view this screen to see the status of your course(s).
- STEP THREE: Once all courses have been approved, you can move on to the Enrollment/ Payment tab (to finalize enrollment).

The Enrollment tab allows you to finalize your enrollment online. *It is the student's responsibility to process this tab!* Advisors cannot move beyond the opening page of this tab. Only the student has access to make payment arrangements.

- STEP ONE: Read all the directions.
- STEP TWO: Student clicks on .
- STEP THREE: Student must Verify Personal Information, Review the Enrollment Rights and Responsibilities and Select a Valid Payment Option (credit card, installment plan, financial aid deferment, or special programs).

Note: Students paying by cash or check must go to Student Fiscal Services in Sheridan 110G to pay for classes and to finalize.

ACADEMIC AND CAREER ADVISING

Academic advising is a connecting point for all Fort Hays State University students. At FHSU, we believe in the importance of academic advising, so each of our students has been assigned an advisor. The primary purpose of the FHSU academic advising program is to assist students in the development of meaningful educational plans that will be compatible with career aspirations and contribute to the process of preparing for a life of change, challenge, and individual fulfillment. At FHSU, academic advising is based on a system of shared responsibility between student and advisor, and a process of continuous improvement, clarification, and evaluation with the aim of furthering advising goals and desired student outcomes. Each student is assigned an advisor upon admittance.

Academic advisors work with students to achieve the following goals:

- To help students clarify individual values, career goals, and the challenges of life in the 21st century
- To develop suitable educational plans and programs of study for each student
- To help students select appropriate courses and other educational opportunities
- To help students review and evaluate progress toward established educational goals and completion of requirements within individual programs of study
- To develop student awareness and understanding that decision-making in the advising process and life is based on a system of shared responsibility
- To encourage students to utilize university support services and related resources as needed (Kelly Center, Career Services, etc.)
- To clarify and improve the student's knowledge of career options and potential for career change in the workplace of the 21st century
- To address the individualized academic advising needs of a diverse student population

Additional information regarding academic advising and the responsibilities of the student and academic advisor can be found online at: www.fhsu.edu/aace.

To determine the student's advisor, the student can log into the TigerTracks Portal (<https://tigertracks.fhsu.edu/uPortal>). Students will then click on the Online Services Tab, under Academics, click on Advisor Information. The advisor's name, email, office phone number, and office location will be there for the student. The student will be able to e-mail their advisor by clicking on the e-mail link. When advisor changes are made, the information is automatically updated on TigerTracks.

FHSU's Philosophy Concerning Alcohol and the Use of Other Drugs

Fort Hays State University has long since recognized that an academic community is harmed in many ways by the abuse of alcohol and the use of other drugs. This high-risk behavior is exemplified by decreased productivity of members in the community, mental health problems, strained social interactions, as well as forms of vandalism. Problems associated with the illicit use and abuse of substances have a pervasive impact upon our academic community and are not associated with a singular socioeconomic group or age level. The processes of education and learning are especially impaired by alcohol abuse and the use of illicit drugs. For these reasons, the university prohibits the illegal use or possession of alcohol and other drugs on the campus. This policy is outlined in the Student Handbook.

3. Use/be a sober driver or call Safe-Ride (621-2580).

5. Set limits and stick to them.

ACADEMIC HONESTY

Membership in the FHSU learning community imposes upon the student a variety of commitments, obligations and responsibilities. It is the policy of FHSU to impose sanctions on students who misrepresent their academic work. These sanctions will be selected by appropriate classroom instructors or other designated persons consistent with the seriousness of the violation and related considerations.

- 1) Examples of academic dishonesty include, but are not limited to:
Plagiarism, taking someone else's intellectual work and presenting it as one's own (which covers published and unpublished sources). Using another's term paper as one's own; handing in a paper purchased from an individual or agency; submitting papers from living group, club or organization files; or using another's computer program or document are all examples of plagiarism. Standards of attribution and acknowledgment of literary indebtedness are set by each discipline. Faculty are encouraged to include disciplinary or class-specific definitions in course syllabi. Students should consult with their department or with recognized handbooks in their field if in doubt.
- 2) Cheating is unacceptable in any form. Examples include consultation of books, library materials or notes during tests without the instructor's permission; use of crib sheets or hidden notes; intentional observation of another student's test; receipt of a copy of an exam or questions or answers from an exam to be given or in progress; substitution of another person for the student on an exam or another graded activity; deliberate falsification of lab results; submission of falsified data; alteration of exams or other academic exercises; and collaboration on projects where collaboration is forbidden.
- 3) Falsification, forgery or alteration of any documents pertaining to assignments and examinations.
- 4) Students who cooperate in, promote, or participate in promoting cheating or plagiarism by other (or who take credit for the work of others) will also be in violation of this policy.

Students participating in any violation of this policy must accept the consequences of their actions. Classroom instructors and/or university review/appeals committees and administrators will assess the sanctions for violation of this policy. The seriousness of the violation will dictate the severity of the sanction imposed.

Academic sanctions may include, but not be limited to any of the following:

- (a) Verbal or written warning
- (b) Lowering of grade for assignment/activity
- (c) Lowering of term grade
- (d) Failure of class assignment

Administrative sanctions may include, but not be limited to either of the following:

- (a) Suspension from the university
- (b) Dismissal from the university

There can be many threats to our resources, and your use of FHSU systems implies your agreement to abide by these policies, which are intended to ensure security and efficiency for all who use them. Here are a few examples:

- Viruses, spyware, and other programs can destroy files on your computer, use your computer to launch attacks on servers, spread viruses to other computers on the network, and cause excess network traffic. **Please take precautions by installing and maintaining current virus and spyware protection software and performing regular operating system updates.** If activity from your computer presents a threat to our systems, FHSU may disable your Internet connection and/or e-mail account without notice until the problem is resolved. For more information, see the [Virus Information](#) page on the CTC HelpDesk Web site.
- Be cautious about using shareware programs to download files (including music files), because this can cause your computer to become a public resource on the network. This means that other users could look at your files and use your computer in a variety of ways.
- Some music and video files are quite large and consume huge amounts of Internet bandwidth. The CTC reserves the right to limit the bandwidth used by any one machine in order to give others access.
- **Protect your passwords;** do not share your FHSU passwords with anyone. Doing so puts you at risk not only through possible loss of your privacy, but also because you can be held legally responsible for any activity that occurs through use of your passwords. If you believe someone else may know your password, bring a photo ID to the CTC HelpDesk, and we will assist you with obtaining a new one.

We encourage you to become acquainted with the CTC HelpDesk staff. We look forward to assisting you with all of your computing activities at FHSU. Let us help make your FHSU experience a successful one!

FERPA

Family Educational Rights to Privacy Act of 1974

Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. The following is a summary of the key aspects of the Act. For more information, including procedures (when applicable), please visit:

<http://www.fhsu.edu/staffairs/privacy.shtml>

The right to inspect and review the student's education records within 45 days of the day the university receives a request for access.

The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

The right to consent to disclosures of personally identifiable information ("Directory Information") contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Directory information includes the student's name, address, email address, telephone number, date & place of birth, major field of study, participation in officially recognized activities, weight and height of athletic team members, dates of attendance, degrees, awards received, and most recent previous educational institution attended.

The Vice President for Student Affairs is designated as the Student Privacy Officer. Students have the right to notify the institution they do not want any or all of the types of information listed above to be designated as directory information. Notification must be in writing and must be received by the Student Privacy Officer prior to the beginning of the academic semester. Notification forms are available in the Office of the Vice President for Student Affairs, Sheridan 208.

Exceptions include:

Health or Safety Emergency. In an emergency, FERPA permits school officials to disclose without student consent education records, including personally identifiable information from those records, to protect the health or safety of students or other individuals.

Disciplinary Records. While student disciplinary records are protected as education records under FERPA, there are certain circumstances in which disciplinary records may be disclosed without the student's consent. A postsecondary institution may disclose to an alleged victim of any crime of violence or non-forcible sex offense the final results of a disciplinary proceeding conducted by the institution against the alleged perpetrator of that crime, regardless of whether the institution concluded a violation was committed. An institution may disclose to anyone-not just the victim-the final results of a disciplinary proceeding, if it determines that the student is an alleged perpetrator of a crime of violence or non-forcible sex offense, and with respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies.

The Clery Act. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act requires postsecondary institutions to provide timely warnings of crimes that represent a threat to the safety of students or employees and to make public their campus security policies. Such disclosures are permitted under FERPA.

Law Enforcement Unit Records. Investigative reports and other records created and maintained by University Police are not considered education records subject to FERPA.

Disclosure to Parents. When a student turns 18 years old or enters a postsecondary institution at any age, all rights afforded to parents under FERPA transfer to the student. However, FERPA also provides ways in which schools may share information with parents without the student's consent. For example:

The university may disclose education records to parents if the student is a dependent for income tax purposes.

The university may disclose education records to parents if a health or safety emergency involves their son or daughter.

The university may inform parents if the student who is under age 21 has violated any law or its policy concerning the use or possession of alcohol or a controlled substance.

A university official may generally share with a parent information that is based on that official's personal knowledge or observation of the student.

FERPA and Student Health Information. Universities that provide health or medical services to students may share student medical treatment records with parents under the circumstances described above. While these records may otherwise be governed by the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the HIPAA Privacy Rule excludes student medical treatment records and other records protected by FERPA.

FERPA and Student and Exchange Visitor Information System (SEVIS). FERPA permits institutions to comply with information requests from the Department of Homeland Security (DHS) and its Immigration and Customs Enforcement Bureau (ICE) in order to comply with the requirements of SEVIS.

Transfer of Education Records. Finally, FERPA permits school officials to disclose any and all education records, including disciplinary records, to another institution at which the student seeks or intends to enroll.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by Fort Hays State University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Officer; US Department of Education; 600 Independent Avenue SW; Washington, DC 20202-4605.

STUDENT APPEALS

Academic Appeals

A procedure to resolve academic disputes is available through the FHSU Academic Appeals Committee. The Committee hears appeals from students who believe they have a serious and compelling reason for an exception to university academic policy that is not addressed by other grievance procedures. The student must file a written appeal within the semester/term in which there is an issue or within a reasonable time after the end of the semester/term if the issue arises at the end of the semester/term. Any student may use the appeal procedure. Forms and descriptions of the Academic Appeals Committee procedures are available in the Office of the Registrar.

Website: <http://web.fhsu.edu/universitycatalog/gen/academicappeals.asp>

Academic Reinstatement

If a student is placed on academic suspension, it is in the student's best interest to take at least one semester to reconsider and re-evaluate their education and career plans. If extenuating circumstances contributed to the academic suspension an "Application for Academic Reinstatement" may be filed prior to the next semester or term. Forms are available in the Academic Advising and Career Exploration Center and online. Reinstatement is not automatic; each application will be considered on its own merit. If the student enrolls at another school during the period of suspension, the student will be expected to transfer back hours that achieve a minimum of a 2.00 Cumulative GPA.

Website: <http://www.fhsu.edu/aace/reinstatementform.doc>

Financial Aid Appeals

Students may appeal financial aid suspensions to the Financial Aid Appeals Committee unless they have been dismissed from the university or have not been academically reinstated by the Academic Reinstatement Committee. Satisfactory Academic Progress for Financial Aid Eligibility should not be confused with the university's academic policy. All appeal decisions addressed by the committee are final and not subject to further review. Reinstatement of any aid originally awarded to a suspended student is at the committee's discretion. A Financial Aid Suspension Appeal Form must be completed and returned to the Financial Assistance Office and students must call 785-628-5870 to schedule an appeal with the Financial Aid Appeals Committee.

Website: <http://www.fhsu.edu/finaid/sap.shtml>

Grade Appeals

Students are expected to first avail themselves of the university's established tradition of informal appeals which may involve one or more consultations with the instructor(s) involved. All grade disputes must be initially addressed and discussed with the instructor. If a grade dispute is not informally resolved at this level through consultation with the instructor, the department chair, or the college dean, the student is obliged to consult next with the appropriate department chair who will inform the student in writing of formal departmental appeal procedures and the student's entitlement to formal university-level appeals procedures and options.
