FORT HAYS STATE UNIVERSITY

December, 2002

Dr. Edward H. Hammond, President
Fort Hays State University
Hays, Kansas 67601-4099

Dear Dr. Hammond:

Attached is the Annual Financial Report for Fort Hays State University for the fiscal year ended June 30, 2002. Except for the omission of management's discussion and analysis, the report has been prepared in conformity with accounting principles generally accepted in the United States of America. The financial statements were prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

New Accounting Standards

In June 1999, the Governmental Accounting Standards Board (GASB) released Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments," which established a new reporting format for annual financial statements. In November 1999, GASB released Statement No. 35, "Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities," which applies the new reporting standards to public colleges and universities. The State of Kansas has adopted these new standards in fiscal year 2002 and, as an agency of the State of Kansas, Fort Hays State University has adopted the new standards as well.

Management's Discussion and Analysis Omitted

To be in compliance with generally accepted accounting principles, the new standards require that management's discussion and analysis (MD&A) accompany the financial statements. MD&A is intended to provide an overview and discussion of the University's financial activities. The focus is on a comparison of the current year with the prior year. Because this is the first year we have reported using the new standards, a comparison with the prior year was not possible. Therefore, management's discussion and analysis was omitted.

Three Basic Statements for University as a Whole

As required by the new accounting principles, the annual report consists of three basic financial statements that provide information on the University as a whole: the Statement of Net Assets; the Statement of Revenues, Expenses and Changes in Net Assets; and the Statement of Cash Flows.

Included in the financial statements are the University and the following blended component units for which the University is financially accountable: the Fort Hays State University Athletic Association, the Fort Hays State University Alumni Association, and the Sternberg Museum Foundation. A blended component unit is an entity that is legally separate from the University, but is so intertwined with the University that it is, in substance, part of the University.

Excluded from the financial statements is the Fort Hays State University Endowment Association, a legally separate entity of which the University does not appoint a voting majority of their governing bodies.

Differences Between Prior Year Reports and Fiscal Year 2002 Report

There are significant differences between the fiscal year 2002 annual financial report and the prior year report. Probably the most notable difference is the format. The new format consolidates financial information for all funds into a single column which is in stark contrast to the multi-column fund format used in the past.

The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets are presented using the accrual basis of accounting. The prior year statement of operations was presented using the budgetary basis of accounting. For the first time in fiscal year 2002, the statement of operations reports depreciation as an operating expense.

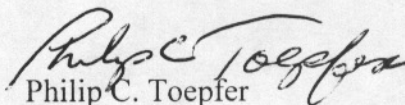

The fiscal year 2002 report consolidates the entire University into one set of financial statements. In the prior year, affiliated organizations such as the Athletic Association, the Alumni Association and the Sternberg Museum Foundation, presented separate financial statements rather than being integrated into the University's financial statements.

A new statement, the Statement of Cash Flows, has been added to the fiscal year 2002 report.

Respectfully Submitted,

Fort Hays State University

FORT HAYS STATE UNIVERSITY
Notes to Financial Statements
For the Year Ended June 30, 2002

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. The financial statements have not been audited.

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Organization. Fort Hays State University is a regional university principally serving western Kansas. The University's primary emphasis is undergraduate liberal education, which includes the humanities, the fine arts, the social/behavioral sciences and the natural/physical sciences. The University, located in Hays, Kansas, has an undergraduate enrollment of approximately 5,050 and a graduate enrollment of approximately 1,375. The University is accredited by the North Central Association of Colleges and Schools and is governed by the Kansas Board of Regents and is an agency of the State of Kansas. As an agency of the State of Kansas, the University is included in the financial report of the State of Kansas.

Financial Reporting Entity. As required by accounting principles generally accepted in the United States of America, these financial statements present the combined financial position and financial activities of the University and the following blended component units: the Fort Hays State University Alumni Association, the Fort Hays State University Athletic Association and the Sternberg Museum Foundation.

A blended component unit is an entity that is legally separate from the University, but is so intertwined with the University that it is, in substance, part of the University. Such entities are reported as part of the University (i.e., they are blended into the statements of the University).

The financial activity and balances of the Fort Hays State University Endowment Association are not included in the financial statements of the University as the Association is a legally separate entity and the University does not appoint a voting majority of the Association's governing body.

Basis of Accounting. For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

The University has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The University has elected to not apply FASB pronouncements issued after the applicable date.

Cash Equivalents. For purposes of the statement of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Investments. The University accounts for its investments at fair value in accordance with GASB Statements No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the Statement of Revenues, Expenses, and Changes in Net Assets.

Accounts Receivable. Accounts receivable consists of tuition and fee charges and auxiliary enterprise services provided to students. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts.

Inventories. Inventories are carried at cost.

Noncurrent Cash and Investments. Cash and investments that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other noncurrent assets, are classified as noncurrent assets in the Statements of Net Assets.

Capital Assets. Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. For equipment, the University's capitalization policy includes all items with a unit cost \$5,000 or more, and an estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized if the related project cost exceeds \$100,000. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

FORT HAYS STATE UNIVERSITY

Notes to Financial Statements For the Year Ended June 30, 2002

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, 25 years for infrastructure and land improvements, 8 years for equipment, and 5 years for vehicles. Depreciation for buildings is computed using a componentized building depreciation study.

Deferred Revenues. Deferred revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Deferred revenues also include summer school tuition not earned during the current year and amounts received from grant and contract sponsors that have not yet been earned.

Compensated Absences. Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued compensated absences in the Statement of Net Assets, and as an expense in the Statement of Revenues, Expenses, and Changes in Net Assets.

Deposits Held In Custody For Others. Deposits held in custody for others consists primarily of student organizations' monies administered by the University.

Noncurrent Liabilities. Noncurrent liabilities include principal amounts of revenue bonds payable, capital lease obligations with contractual maturities greater than one year, and estimated amounts for accrued compensated absences that will not be paid within the next fiscal year.

Net Assets. The University's net assets are classified as follows:

Invested in capital assets, net of related debt: This represents the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted net assets – expendable: Restricted expendable net assets include resources in which the University is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted net assets – nonexpendable: Restricted nonexpendable net assets consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted net assets: Unrestricted net assets represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments. These resources are used for transactions relating to the educational and general operations of the University, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff.

Tax Status. As a state institution of higher education, the income of the University is generally exempt from federal and state income taxes under Section 115(a) of the Internal Revenue Code; however, income generated from activities unrelated to the University's exempt purpose is subject to income taxes under Internal Revenue Code Section 511(a)(2)(B).

Classification of Revenues. The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as 1) student tuition and fees, net of scholarship discounts and allowances, 2) sales and services of auxiliary enterprises, 3) most federal, state and local grants and contracts, and 4) interest on institutional student loans.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as state appropriations and investment income.

Scholarship Discounts and Allowances. Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Assets. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs, are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

FORT HAYS STATE UNIVERSITY
Notes to Financial Statements
For the Year Ended June 30, 2002

NOTE 2 – Investments

Of Fort Hays State University's total investments of \$404,989, \$217,989 is administered by the Fort Hays State University Alumni Association. The Kansas Development Finance Authority invests \$187,000 of the total. These monies represent bond proceeds and reserve requirements.

NOTE 3 - Accounts Receivable

Accounts receivable net of estimated uncollectible amounts, consisted of the following at June 30, 2002:

Tuition & Fees	\$	55,105
Auxiliary		61,995
Grants & Contracts		349,084
Other		<u>10,623</u>
	\$	<u>476,807</u>

NOTE 4 – Inventories

Inventories consisted of the following at June 30, 2002:

Museum Store	\$	63,835
Physical Plant		32,317
Office Supplies		166,943
Other		<u>8,616</u>
	\$	<u>271,711</u>

NOTE 5 - Loans to Students

Student loans made through the Federal Perkins Loan Program comprise substantially all of the loans to students at June 30, 2002. The Program provides for cancellation of a loan at rates of 10% to 30% per year up to a maximum of 100% if the participant complies with certain provisions. The federal government reimburses the University for amounts cancelled under these provisions.

As the University determines that loans are uncollectible and not eligible for reimbursement by the federal government, the loans are written off and assigned to the U.S. Department of Education. The University has provided an allowance for uncollectible loans, which, in management's opinion, is sufficient to absorb loans that will ultimately be written off. At June 30, 2002, the allowance for uncollectible loans was estimated to be \$178,300.

Total	<u>\$ 2,110,000</u>	<u>609,045</u>	<u>\$ 2,719,045</u>

NOTE 10 - Lease Obligations

Fort Hays State University is obligated for the purchase of certain equipment funded through the issuance of blanket financing agreements in the amount of \$226,235 as of June 30, 2002. Payments to liquidate these obligations are scheduled as follows:

Fiscal Year 2003 Total	\$ 78,864
Fiscal Year 2004 Total	22,088
Fiscal Year 2005 Total	22,088
Fiscal Year 2006 Total	22,088

Fiscal Year 2008 Total	22,088
Fiscal Year 2009 Total	22,088
Fiscal Year 2010 Total	14,843
Total	<u>\$ 226,235</u>

At present, the State of Kansas has no method for recording the interest expense associated with these payments. Therefore, equipment funded by these agreements is capitalized at the date of payment and at the payment amount.

NOTE 11 - Retirement Plans

University employees participate in two separate retirement programs. Classified employees participate in the "Kansas Public Employees Retirement System" (KPERs). This defined benefit program is funded through contributions by the University and the individual employees. The University contributed \$310,559 during fiscal year 2002 and individual employees contributed \$299,322. Unclassified employees participate in the "Board of Regents Retirement Program". This defined contribution program is funded through contributions by the University and the individual employees. The University contributed \$1,716,498 during fiscal year 2002 and individual employees contributed \$1,105,366. In addition, \$6,096 was contributed to KPERs by the employees for prior service benefits.

FORT HAYS STATE UNIVERSITY
Notes to Financial Statements
For the Year Ended June 30, 2002

NOTE 12 - Commitments and Contingent Liabilities

The University maintains specific insurance coverage as allowed by the State of Kansas and as required by outstanding bond issues. To a large extent, the State follows a policy of self-insurance; therefore, most claims against the University require legislative approval (and potential funding) prior to settlement. The University is not aware of any significant outstanding claims as of June 30, 2002.

The State does not insure buildings and contents valued under \$0.5 million and does not insure State-owned automobiles for bodily injury and property damages of State employees. State buildings valued over \$0.5 million are insured against catastrophic loss with a \$2.0 million deductible per occurrence and a maximum annual liability of \$100 million per occurrence.

In the normal course of operations, the University receives grants and other forms of reimbursement from various Federal and State agencies. These activities are subject to audit by agents of the funding authority, the purpose of which is to ensure compliance with conditions precedent to providing of such funds. University officials believe that the liability, if any, for any reimbursement that may arise as the result of audits, would not be material.

NOTE 13 – Natural Classifications With Functional Classifications

The University's operating expenses by functional classification are as follows:

	Compensation & Benefits	Scholarships & Fellowships	Utilities	Supplies & Other Services	Depreciation	Total
Educational and general						
Instruction	\$ 20,686,046	77,398		2,532,046		\$ 23,295,490

FORT HAYS STATE UNIVERSITY

October 28, 2002

Dr. Edward H. Hammond, President
Fort Hays State University
Hays, Ks. 67601-4099

Dear Dr. Hammond:

The Annual Financial Report of Fort Hays State University for the fiscal year ended June 30, 2002, has been separated into two documents. The enclosed report contains supplemental financial information on all funds administered by the University. The Annual Financial Report, presented under separate cover, includes the operating statement, balance sheet, and cash flow statement of the university.

The enclosed Supplemental Financial Information report has been prepared under the direction of Philip Toepfer, Controller, and summarizes information from the accounts and records of the University. All the graphs, charts, schedules and statements presented in previous years' annual financial reports are in this document.

Respectfully submitted,

FORT HAYS STATE UNIVERSITY

Bruce Shubert, Vice President
For Administration and Finance

FORT HAYS STATE UNIVERSITY

October 28, 2002

Mr. Bruce Shubert, Vice President
For Administration and Finance
Fort Hays State University
Hays, Ks. 67601-4099

Dear Mr. Shubert:

The Annual Financial Report of Fort Hays State University for the fiscal year ended June 30, 2002, has been divided into two documents to better conform to Generally Accepted Accounting Principles (GAAP) more specifically to the amendment of Governmental Accounting Standards Board (GASB) statement No. 34 subsequently presented as GASB statement No. 35.

This document is titled Supplemental Financial Information and reports university activity on a budgetary basis. All the graphs, charts, schedules and statements presented in previous years' annual financial reports are in this document. This document may be used by university personnel as a management tool. In most cases current and prior year information is provided for comparison purposes.

The Annual Financial Report, which includes the operating statement, balance sheet, cash flow statement, and pertinent footnotes, is being submitted as a separate document.

Respectfully submitted,

FORT HAYS STATE UNIVERSITY

Philip C. Toepfer
