These mentioned processes are subject to change. Safety and proper tool use will be a priority.

Grading:

Projects/ Assignments.....60% of final grade

Attendance.....30% of final grade

If you are absent five times, your final grade will be lowered one full letter grade.

These can be purchased at any hardware store. Material lists will be given with each individual assignment. Students can expect to spend approximately \$50 on supplies and materials for this class on top of the **\$130 studio fee** which is paid at the time you pay tuition. The studio fee refund policy follows the same refund schedule as tuition – 100% for first two weeks, then 50% for the next two weeks, and 0% refund after that. Concealed Carry Policy:

Under the Concealed Carry Policy, individuals who carry a concealed handgun must have the handgun on or about their person at all times. Backpacks are appropriate for carrying a handgun as long as the backpack remains within the exclusive and uninterrupted control of the individual. A backpack or other bag used to carry a handgun must be within the immediate reach of the individual. In this course, the instructor may require students to place backpacks or other bags out of reach. The instructor will notify students in advance of this requirement so a student who carries a concealed handgun in a backpack or a bag may take steps to conceal the handgun on his or her person before arriving or otherwise plan accordingly. Alternatively, this course involves a lab where metal and/or explosive devices (ammunition) are prohibited by Federal Regulations due to the nature of the lab and for safety concerns. Concealed carry handguns will need to be properly stored prior to such labs.
