Class Structure

Class Attendance – Strictly Enforced

Three class period is your grace period. Only use it if you are sick on in emergencies. If you miss more than three class periods, your final grade will decrease by one letter grade. You are welcome to email me if you are sick or unable to attend class. Please contact Student Affairs at 785-628-4276 and they will formally notify all of your instructors. Doctor or medical documentation is the only way to receive a formal exception to class attendance.

If you miss a class, you are responsible for making up that time. If notes or an assignment were given, you are responsible to get them. If it was a studio day, you are responsible to make up that time. If an assignment was due on the day you missed with an excused absence, it will be due the next day. If the day you missed was unexcused, your assignment will be due the next day and a whole letter grade will be deducted. *Exchange phone numbers with the people around you!*

Grading Breakdown

All students will create a website on the first day of class. Students will be required to photograph their own work with professional standards and upload it to their website. All work will be graded from the website. If work is uploaded late there will be a deduction of grade.

Classroom Rules:

1. No cell phones in the classroom during class or during breaks. If you bring them in the room please have them turned off. Make calls in the hallway.
2. No Tobacco! If you cannot smoke in the building you cannot chew in it!
3. Food and drink are permitted in my class as long as it does not interfere with class or work. That means you may snack while working, not sit and eat for 15 minutes then work.
4. During studio classes I will provide a 5-minute break. 5 minutes is not long enough to run to union and grab a snack. Come prepared!
5. Talking needs to stay at a minimum during studio hours. You may visit during breaks or after class.
6. No computers on your desk during class. Please take notes in your sketchbook.

Visual Plagiarism

Visual and/or written plagiarism will not be tolerated, note consequences below in the Academic Policy statement. Plagiarism is any type of copying of words or visuals that you do not note the source. You should be using anyone else's word or pictures this semester. This includes using pictures found on the Internet or drawing from images found on the Internet. Please use your own! You must take your own photos. If you use found images to draw from, you will receive a 0 for that assignment and possibly fail the class. If you need assistance finding copyright free images, please let me know and I will assist you.

Link for University Policies are in Blackboard. These include title IX, plagiarism, attendance, withdrawal, accessibility and Kelly center.

DIVERSITY AND INCLUSION STATEMENT

I would like to create a learning environment for my students that supports a diversity of thoughts, perspectives and experiences, and honors your identities (including race, gender, class, sexuality, religion, ability, etc.) To help accomplish this:

- If you have a name and/or set of pronouns that differ from those that appear in your official FHSU records, please let me know!
- If you feel like your performance in the class is being impacted by your experiences outside of class, please don't hesitate to come and talk with me. I want to be a resource for you. Remember that you can also submit anonymous feedback (which will lead to me making a general announcement to the class, if necessary to address your concerns). If you prefer to speak with someone outside of the course, Taylor L. Kriley, M.S. is the Director of Inclusion & Diversity Excellence, tlkriley2@fhsu.edu.
- I (like many people) am still in the process of learning about diverse perspectives and identities. If something was said in class (by anyone) that made you feel uncomfortable, please talk to me about it. (Again, anonymous feedback is always an option).

RESPECT FOR DIVERSITY STATEMENT

It is my intent that students from all diverse backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that the students bring to this class be viewed as a resource, strength and benefit. It is my intent to present materials and activities that are respectful of diversity: gender identity, sexuality, disability, age, socioeconomic status, ethnicity, race, nationality, religion, and culture. Your suggestions are encouraged and appreciated. Please let me know ways to improve the effectiveness of the course for you personally, or for other students or student groups.

Important note: **Given the sensitive and challenging nature of the material discussed in class, it is imperative that there be an atmosphere of trust and safety in the classroom.** I will attempt to foster an environment in which each class member is able to hear and respect each other. **It is critical that each class member show respect for all worldviews expressed in class.** It is expected that some of the material in this course may evoke strong emotions, please be respectful of others' emotions and be mindful of your own. Please let me know if something said or done in the classroom, by either myself or other students, is particularly troubling or causes discomfort or offense. While our intention may not be to cause discomfort or offense, the impact of what happens

throughout the course is not to be ignored and is something that I consider to be very important and deserving of attention. If and when this occurs, there are several ways to alleviate some of the discomfort or hurt you may experience:

1. Discuss the situation privately with me. I am always open to listening to students' experiences, and want to work with students to find acceptable ways to process and address the issue.
2. Discuss the situation with the class. Chances are there is at least one other student in the class who had a similar response to the material. Discussion enhances the ability for all class participants to have a fuller understanding of context and impact of course material and class discussions.
3. Notify me of the issue through another source such as your academic advisor, a trusted faculty member, or a peer. If for any reason you do not feel comfortable discussing the issue directly with me, I encourage you to seek out another, more comfortable avenue to address the issue.

Statement Regarding Wearing of Face Coverings

To protect the health and safety of the FHSU community, when present on University property, all faculty, staff, students, and visitors must wear face coverings over their mouths and noses when in common areas of a building (including hallways, elevators, public spaces, classrooms, conference rooms, library, and other common areas), and when within six (6) feet of another individual anywhere on University property. Employees and students with a recognized disability that prevents them from wearing a face covering can contact the Human Resources office (if an employee) or Student Accessibility Services at 785-628-4401 (if a student) to discuss possible accommodations and the appropriate documentation process.

In classrooms, faculty have the right to deny a student entry into the room if the student is not wearing a face covering. Students not wearing a face covering will be reminded to do so and offered a clean face covering, if one is available. If the student does not comply, the faculty member will ask the student to leave the space, and if available, join the class remotely. As a last resort, campus police may be called. The faculty members will complete the Coronavirus (COVID-19) Concern Reporting Form and the appropriate office will look further into the issue and take the non-compliance with the request to leave into consideration of further accountability measures.

At no point should anyone put themselves into an unsafe situation while attempting to enforce the face-covering policy. FHSU campus police: 785-628-5304
