Yeager, Jan I. and Laura K. Teter-Justice, **Textiles for Residential and Commercial Interiors**, second edition. New York: Fairchild Publications, Inc., 2001.

3.3. Technology Requirement:

All students enrolled at Fort Hays State University are expected to have a computer* for use in a variety of university learning experiences. ****On-campus students are expected to have a laptop to ensure mobility.***

TigerTech only provides assistance with accessing and using FHSU hosted systems and University-owned equipment. FHSU does not sell computers and does not provide computer repair for student devices.

- **Hardware:** To meet basic security, networking, and upgrade requirements, your computer should be running Windows 7 (or newer) or Mac OS X (or newer). Ideally, your computer's warranty should be supported by the manufacturer throughout your college career. Chromebooks and iPads are not recommended for use as your primary device due to limited functionality. Ask your instructor or academic department to learn about any specific technology requirements that may apply for each course in which you are enrolled.
- **Software:** Enrolled students at FHSU can take advantage of a variety of options to get FREE and/or discounted software for use on personal devices at www.fhsu.edu/tigertech/software/.

If you have any technical issues, contact FHSU TigerTech 785-628-3478, notify to the instructor.

4. COURSE DESCRIPTION

4.1. FHSU Catalogue Description:

A study of the production, properties, and performance of textiles and materials for interiors with an emphasis on the material characteristics, finish, and specifications for Interior design.

This course investigates the science and technology of textiles and interior finishes through a study of properties and performance, allowing students to make informed

consumer choices for Interior spaces.

4.2. Instructor Course Description:

In this course, students will be able to identify fiber content, weave, and finish, and will understand the effect of these components on the performance of textile products. Students will learn about natural and manufactured fibers and their properties and uses, with emphasis on textiles used for interior finishes, furnishings, and soft goods. Students will understand special ratings for textile products in various applications.

5. COURSE OBJECTIVES

5.1. Course Objectives:

In this course, students will learn about natural and manufactured fibers and their properties and uses, with emphasis on textiles used for interior finishes, furnishings, and soft goods. Students will enhance their knowledge about materials and interior finishes for walls, ceilings, floorings, and millworks.

5.2. Prerequisites: ART 241

5.3. Course Expectations:

- Students will be able to select fibers and fabrics that are appropriate for specific end uses.
- students will be able to identify fiber content, weave, and finish, and will understand the effect of these components on the performance of textile products.
- Students will be able to evaluate consumer products and make wise decisions in their selection and application.
- Students will be able to identify and/or explain and evaluate different fibers, types, and sizes of yarns, fabric constructions and yarn counts, possible dyeing and printing methods, and fabric finishes.
- Students will be able to explain life safety codes, universal design, and sustainability issues and apply these factors to the selection of textile and interior finishes.
- Students will understand special ratings for textile products in various applications.

Note: For 600-level courses, there needs to be higher expectations for graduate students in learning activities and assessment. Go to <http://www.fhsu.edu/academic/gradschl/Graduate-School-Learner-Outcomes/> for bestpractices in teaching 600-level courses from the Graduate School.

Students have access to academic services, technical support and student services at Fort Hays State University. You can find the resources online at [FHSU Blackboard Student Tutorials](#). For more information, you can contact TigerTech at 785-628-3478 or [FHSU TigerTech](#).

10. COURSE POLICIES

10.1. Class Attendance:

Attendance will be recorded promptly at the start of each class, and regular attendance is mandatory. **A maximum of three absences, whether excused or unexcused, is permitted.** Beyond the **three allowed absences**, a deduction of **5 points** will be applied to the **final grade** for each additional absence.

Within the initial **10 minutes** of class, students are marked **present**; however, **after 20 minutes**, they are considered **late** (with two late instances equating to one absence). If a student arrives **30 minutes or later** into the class, they are allowed to attend, but will be

registered as **absent**.

In the event of illness or the inability to attend class, please notify me via email (fnkhan@fhsu.edu) or by calling 785.628.4310. For formal notification to all instructors, contact Student Affairs at (785) 628-4276. A doctor's note or medical report is the only acceptable documentation for a formal exception to class attendance.

Responsibility for making up missed class time lies with the student, including obtaining notes or assignments if provided.

For excused absences on the day an assignment is due, the submission deadline is extended to the following day. However, for unexcused absences, the assignment must still be submitted the next day, accompanied by a deduction of one letter grade. I encourage you to exchange phone numbers with your classmates to facilitate better communication.

10.2. Class Participation:

Participation in class discussions is required.

10.3. Assignment Due Date:

Unless specified otherwise, assignments must be submitted at the commencement of the designated class period. In the event of a delay, a deduction of 10 points will be applied for submissions up to two days beyond the deadline. Assignments will not be accepted if submitted one week or more after the assigned due date.

10.4. Procedures for Assignment Submission:

Assignments are to be submitted both in-person and on Blackboard on or before the designated due date.

10.5. Test Make-ups:

No makeup opportunities will be provided for the midterm and/or final presentation unless a formal excuse notification is submitted to the instructor through student affairs.

10.6. Bonus Points or Extra Credit: N/A

10.7. Collaboration Procedures:

In the event of a group project, every team member must actively engage in the project, contribute ideas, and collaborate effectively as part of the team.

10.8. Netiquette: N/A

10.9. Other Course Policies: N/A
