Course Description:

Developing additional competence in sculpture. – FHSU catalog

This course will build on technical and aesthetic skills gained in prerequisite courses. To do this the student will complete four assignments.

The first assignment will be to attempt the “tea cup, saucer, and spoon” casting. This is an old foundry challenge that would prove to the foreman that a mold maker was worth hiring or promoting. Traditionally this was done with green sand but we will use resin bonded sand. The idea is to make a mold of a tea cup with a spoon in it, sitting on a saucer then pour molten iron or bronze into the mold to get a casting with minimal defects. The casting will be finished out for a final grade. This project will take several weeks to complete and other projects, models and drawings will be completed simultaneously while making this mold. This is a purely technical exercise which will familiarize the student with the piece molds, resin bonded sand, casting, chasing and the studio in general.

The second project will be created using abstraction and welded steel. The final object must be at least 24” in height using 12 gauge sheet steel and/or rod stock. Demonstrations of welding, cutting and forging processes will start immediately. Drawings and or models need to be completed before the project can be started in steel.

After the first two assignments you are expected to develop your own formal and/or conceptual problems that will then be resolved in three-dimensional form. This form can be realized with objects, performance, installation or video. Including the tea-cup you must complete four projects for this course. Your last three sculptures must each equal at least five weeks or thirty hours of work.

Processes that can be utilized/demonstrated are but not limited to: casting (bronze, aluminum, iron, pewter, hot-glue, cement), mold-making (plaster, clay, resin-bonded sand, rubber/silicone, standard investment, ceramic shell), welding (TIG, MIG, Oxy-acetylene), woodworking (lathe, table saw, miter saw, simple joinery, etc.), carving (stone, plaster, wood, foam), fiberglass, blacksmithing, jewelry scale casting.

Course Requirements:

You are expected to:

- Present drawings and/or models for all projects.
- Make oral and written critiques of art.
- Take notes of all demonstrations.
- Work on projects outside of regular class time.
- Wear proper attire.

Concealed Carry Policy:

Under the Concealed Carry Policy, individuals who carry a concealed handgun must have the handgun on or about their person at all times. Backpacks are appropriate for a carrying a handgun as long as the backpack remains within the exclusive and uninterrupted control of the individual. A backpack or other bag used to carry a handgun must be within the immediate reach of the individual. In this course, the instructor may require students to place backpacks or other bags out of reach. The instructor will notify students in advance of this requirement so a student who carries a concealed handgun in a backpack or a bag may take steps to conceal the handgun on his or her person before arriving or otherwise plan accordingly. Alternatively, this course involves a lab where metal and/or explosive devices (ammunition) are prohibited by Federal Regulations due to the nature of the lab and for safety concerns. Concealed carry handguns will need to be properly stored prior to such labs.

Writing Center

The Writing Center is an excellent place to go for feedback on any kind of writing at any stage of the process. The Writing Center is open 9:00am-8:00pm Monday-Thursday and 9:00am-2:00pm Friday. It's FREE.

11. UNIVERSITY POLICIES

11.1. Academic Honesty Policy

Membership in the FHSU learning community imposes upon the student a variety of commitments, obligations and responsibilities. It is the policy of FHSU to impose sanctions on students who misrepresent their academic work. These sanctions will be selected by appropriate classroom instructors or other designated persons consistent with the seriousness of the violation and related considerations... Students participating in any violation of this policy must accept the consequences of their actions. Classroom instructors and/or university review/appeals committees and administrators will assess the sanctions for violation of this policy. The seriousness of the violation will dictate the severity of the sanction imposed. More information can be found at http://www.fhsu.edu/academic/provost/handbook/ch_2_academic_honesty/

11.2. Statement of Accessibility and Services for Students with Disabilities

If you have a disability that may have an impact on your ability to carry out assigned course work and if you wish to seek any accommodations for this course, you must contact Services for Students with Disabilities (SSD). SSD is located in the Kelly Center, Picken Hall, Room 111, 785-628-4401. SSD will review your documentation and determine, with you, what academic accommodations are necessary and appropriate for you that can be accommodated in this course. All information and documentation of your disability is confidential and will not be released by SSD without your written permission. Students can find more information at <http://www.fhsu.edu/disability/get-access/> Instructors who need help to create instructional materials for students with special needs can seek help from Learning Technologies (LT), 785-628-4194.

FHSU is committed to fostering a safe and productive learning environment. Title IX makes it clear that violence and harassment based on sex, gender, and gender identity are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories such as race, national origin, etc. This includes all types of gender and relationship violence, sexual harassment, sexual misconduct, domestic and dating violence, and stalking. If you wish to report an incident or have questions about school policies and procedures regarding Title IX issues, please contact Amy Schaffer, University Compliance Officer and the FHSU Title IX Coordinator, at alschaffer@fhsu.edu or (785) 628-4175. The Compliance Officer can help connect you to campus and outside resources, discuss all of your reporting options, and assist with any concerns you may have.
