There is a Diagnostic Assessment – it’s similar to a full-length practice test - that you can take whenever you want to help you identify your weakest areas (so you can study those first). At the end, there is a full-length, authentic, timed practice test. The **240 Tutoring Guarantee** allows a test taker a full money-back refund of up to 2 months of their subscription if they fail the exam after scoring 90% on their Practice Test (at the end of the study guide).
