## Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and not an enrolled student.

Additional guidance on reporting race and ethnicity data.

| Total number of students enrolled in 2014-15: | 447 |
| :--- | ---: |
| Unduplicated number of males enrolled in 2014-15: | 72 |

Provide the total number of teacher preparation program completers in each of the following academic years:
2014-15: 205

2013-14: 187

2012-13: 146

## Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (\$205(a)(1)(A)(ii), 5206(a))

Information about teacher shortage areas can be found at http://www2.ed.gov/about/offices/list/ope/pol/tsa.html.
Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Did your program meet the goal for prospective teachers set in special education in 2014-15?
Yes
Description of strategies used to achieve goal, if applicable:
38 special education teachers were prepared at the undergraduate level. In Kansas, special education is not an initial licensure area. However, FHSU does offer an added endorsement (minor)in high incidence special education at the undergraduate level that allows candidates to be fully licensed in this area upon graduation.

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
The special education minor is open to elementary and secondary candidates. Increase the promotion of the minor through encouraging advisors to discuss with advisees, in-class discussions of the program in early undergraduate courses and include discussion of the marketability of this endorsement.

## Description of strategies used to achieve goal, if applicable:

9 ESOL teachers were prepared at the undergraduate level. In Kansas, ESOL is not an initial licensure area. However, FHSU did offer an added endorsement (minor)in ESOL at the undergraduate level that allowed candidates to be fully licensed in this area upon graduation. FHSU discontinued this program because Kansas allows a teacher to add ESOL to their license through testing only.

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
At the time FHSU discontinued the ESOL program, we added an optional ESOL certificate that allows a candidate to pick up coursework that will aid them in passing the ESOL licensure exam.

## Section II Assurances

Please certify that your institution is in compliance with the following assurances. (\$205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.
Yes
Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom. Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subiects. https://title2.ed.gov/Secured/DataCollection/Institution/PrintReport.aspx?Year=2016

Prospective general education teachers are prepared to provide instruction to students with disabilities.
Yes
Prospective general education teachers are prepared to provide instruction to limited English proficient students. Yes

Prospective general education teachers are prepared to provide instruction to students from low-income families.
Yes
Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.
Yes

## Describe your institution's most successful strategies in meeting the assurances listed above:

Systematic Program Approval Process - COE teacher education programs are reviewed and approved (October, 2009) by the Kansas State Department of Education (KSDE), and include assessments, scoring guides, and at least three years of assessment data. Initial teacher candidate scores on the state licensure test demonstrate a 97\% pass rate. Programs are annually reviewed.

## Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.
Is your teacher preparation program currently approved or accredited?
Yes
If yes, please specify the organization(s) that approved or accredited your program:
State
NCATE
NCA
Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)? No

## Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction Yes
- use technology effectively to collect data to improve teaching and learning Yes
- use technology effectively to manage data to improve teaching and learning Yes
- use technology effectively to analyze data to improve teaching and learning Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

The College of Education's Shared Values and Beliefs is based on the Technological Pedagogical and Content Knowledge (TPACK) model. The Shared Values and https://title2.ed.gov/Secured/DataCollection/Institution/PrintReport.aspx?Year=2016

Beliefs articulates the Educator Preparation Provider's (EPP) technology expectations for candidates. Education professionals uses technology appropriately and effectively within the classroom/school/district setting (TK 1). In addition, candidates integrate current and emerging tools (TPACK 1) and design/facilitate diverse learning activities that incorporate digital tools and resources (TCK 1). Candidates demonstrate a sound knowledge of educational technology in planning, designing, delivering and evaluating effective learning experiences for all students.

The EPP has established Technology Proficiencies that are aligned with the Shared Values and Beliefs as well as the International Society for Technology in Education Standards for Teachers (ISTE Standards-T). The ISTE-T performance indicator 3d. Model and facilitate effective use of current and emerging digital tools to locate, analyze, evaluate, and use information resources to support research and learning is addressed in coursework and clinical practices, and assessed through the Fort Hays State University Quality Assurance System.

Technology proficiencies are also integrated into each teacher education methods course, and into the Kansas Performance Teaching Portfolio(KPTP) at the end of the program.

All initial candidates are required to take TECS 390 Introduction to Instructional Technology. This course provides experience in the application of instructional media and technologies for future teachers and teaches candidates how to model and apply various instructional technologies to enhance instruction. Candidates are required to successfully complete this course with a "C" or higher prior to admission to the program. Candidates are required to submit a 3 minute Professional Introduction Video for admission to the program.

All teacher preparation programs engage candidates through a progression of field and clinical experiences that include the integration, assessment, and use of technology.

A Completer and Employer Survey is sent with feedback indicating a high degree of proficiency with technology in our candidates.
Technology needs and integration within programs are reviewed annually.

## Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- teach students with disabilities effectively

Yes

- participate as a member of individualized education program teams Yes
- teach students who are limited English proficient effectively Yes

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

The College of Education's goals for preparing candidates to teach students with disabilities and students who are limited English proficient effectively is articulated https://title2.ed.gov/Secured/DataCollection/Institution/PrintReport.aspx?Year=2016
in the Shared Values and Beliefs. Key assessments are identified that measure each component. Key assessment data indicates candidates in both initial and programs demonstrate the professional and pedagogical knowledge and skills delineated in professional, state, and institutional standards to facilitate learning. In addition, surveyed employers/supervisors describe Fort Hays State University completers respect differences by providing equitable learning opportunities for all students ( $83 \%$ strongly agree or agree); adapt lessons to meet the diverse needs of all students ( $78 \%$ strongly agree or agree); create a learning community that is sensitive to the multiple experiences of diverse learners ( $75 \%$ strongly agree or agree); and include differentiated instructional activities for all learners ( $74 \%$ strongly agree or agree).

## Does your program prepare special education teachers to:

- teach students with disabilities effectively

NA

- participate as a member of individualized education program teams

NA

- teach students who are limited English proficient effectively

NA
Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

College of Education diversity proficiencies address differences among groups of people and individuals based on culture, ethnicity, race, socioeconomic status, gender, exceptionalities, language, migrant status, religion, sexual orientation, and geographical area. Key assessment data indicate teacher candidates demonstrate the ability to help all students learn by providing a supportive environment for diverse learners and by demonstrating knowledge and use of multiple assessments and diagnostic techniques. Special education is not an initial licensure area in Kansas.

## Section VII Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

The programs are reviewed by the Kansas State Department of Education (KSDE). They were fully approved, with no areas for concern, in 2009. The programs were part of the onsite review by KSDE and NCATE in 2010. The EPP is fully accredited. Data is regularly analyzed for program improvement purposes.
