

Good morning, my name is Jackson Sinsel. I am honored to be serving as the 2025-2026 Student Government Association President. It has been a pleasure and honor to serve student organizations the last two years in my role as Treasurer, but I look forward to the upcoming academic year and serving our student body in a different way.

First and foremost, thank you for always going above and beyond to support our students. I don't believe there is a place with as much dedication and pride like Fort Hays and it is thanks to our faculty and staff. Our students receive a top notch quality education right here in western Kansas.

On behalf of the student government association we are incredibly grateful for the support we receive from the university. Our past and future accomplishments are heavily impacted by how much our university cares about students and their concerns. Many universities don't have this luxury and makes us as students feel both seen and heard.

I don't do this alone as I have an extremely dedicated staff that was hired before we left for summer break. Myself as well as my Vice-President Brenna Schwien have selected students that embody what it means to be a tiger. Grace Mccord will serve as Legislative Affairs Director, Madison Albers as Public Relations Director, Star Parham as Campus Relations Director, and Caden Becker as Treasurer. I'm certain these students will do an exceptional job and I am looking forward to you all seeing their hard work in action.

Brenna and I ran on a platform that encourages transparency across campus in communication and academics. We want students to understand their expectations so that they can succeed at Fort Hays. We

also want to see our student organizations partnered with and supported so we can get more students involved with more than just academics. Many students feel the need to get involved post-high school and we want to ensure they have ample opportunities to do so.

With big shoes to fill I look forward to continuing SGA events that have been successful. The Big Event and Green Event are great opportunities for students, faculty and staff alike to volunteer in the community we call home. We also look forward to coming up with new ideas and ways to get students involved. Our overall goal has always been to advocate for students, but we also try to provide opportunities for students to advocate for themselves. Through open forums we hope to allow straightforward channels of communication for students who have questions.

As always we are on the 2nd floor of the Fischli-Wills Center for Student Success. If you have any questions or would just like to stop and chat with someone you are more than welcome to! Additionally, if anyone has any projects or ways SGA can be of assistance please reach out! Thank you!
