Classes completed as part of your academic major may not be counted toward your minor program. You will need to work with the advisor for your minor program to find a class to substitute in its place. ECON 201 and ECON 202 can count for General Education credit as well as for a minor program; and the Business Core classes (ACCT 203, ACCT 204, and FIN 305) can also count toward a minor program.
