PLEASE READ before completing this form. The Office of Student Financial Assistance at Fort Hays State University recognizes there may be times the Free Application for Federal Student Aid (FAFSA) does not reflect a family's current financial situation. Professional judgment is the ability to change a student's financial assistance based on unusual or special circumstances. Through the use of professional judgment, a financial aid administrator may be able to make adjustments to the student's financial aid application which could result in a recalculation of the student's eligibility. Once the Cost of Attendance Review and supporting documentation are reviewed (within 45 days of the date the final documentation is submitted), you will be notified of the result. A review does not guarantee an adjustment to your aid. You must have a completed FAFSA on file at FHSU before any adjustments can be considered. Adjustments made based on this request apply to aid eligibility at FHSU only.

This form must be submitted prior to April 15 of the current award year for Fall/Spring adjustments.
