

# FHSU Transfer Exceptions for Kansas Board of Regents General Education Framework

March 6, 2024

The FHSU degree programs and degree program concentrations indicated below have been granted transfer exceptions for the Kansas Board of Regents General Education Framework for the 2023–2024 academic year.

Students transferring to these degree programs having completed the Kansas Board of Regents General Education Framework at another Kansas public university or community college will be required to complete the indicated courses below as part of their degree program. Completion of these courses might extend the required credit hours for the degree program or degree program concentration beyond the 120-credit-hour limit established by the Kansas Board of Regents.
