

NURS 322 application of: Objective 1.4: Information Literacy

Students will effectively and responsibly gather, evaluate, and use information for scholarship and problem-solving.

By graduation students will:	Not Proficient	Developing Proficiency	Proficient	Exceeding Proficiency
<p>Design a research plan that incorporates a clear research question and identifies appropriate information resources.</p>	<p>Using the PICOT template worksheet, provided project clinical question with 3 or more errors. Marginally or failed to apply definitions provided on the assignment worksheet appropriately to project and/or deficient 7th edition APA references. Information resources provided or deficient. Feasible poster project is underdeveloped with contrary views or potential change issues explained.</p>	<p>Using the PICOT template worksheet, developed a possible project clinical question type with 1-2 amendments needed. Using most of the definitions provided on the assignment worksheet, explained marginally to adequately the project with cited in 7th edition APA references. Identified at least 4 appropriate information resources. In 275 to 300 words, delineated feasible poster project applications with marginal evidence of reflection & professional writing style. Issues related to the poster project are marginally developed with contrary views or potential change issues explained.</p>	<p>Using the PICOT template worksheet, developed adequate project clinical question type. Using the definitions provided on the assignment worksheet, explained adequately the project with cited APA references. Identified at least 4 appropriate information resources, cited in 7th edition APA. In 275 to 300 words, delineated feasible poster project application process with adequate evidence of reflection & professional writing style. 2 issues related to the poster project are adequately developed with contrary views or potential change issues explained.</p>	<p>Using the PICOT template worksheet, developed the most appropriate project clinical question type. Using the definitions provided on the assignment worksheet, explained thoroughly the project with cited in 7th edition APA references. Identified at least 4 appropriate information resources, cited in APA. In 275 to 300 words, delineated feasible poster project application process with detailed evidence of reflection & professional writing style. 2 issues related to the poster project are thoroughly developed with contrary views or potential change issues explained.</p>

<p>Produce a research log that clearly demonstrates the application of appropriate keyword search criteria, such as Boolean operators, source types, and filters.</p>	<p>Submit 2 or more-page log depicting the search process with less than adequate application of appropriate keyword search criteria, including Boolean operators, source types, and filters. Submission uses APA 7th edition, 2 or more errors noted.</p>	<p>Submit 2 or more-page log depicting the search process with adequate application of appropriate keyword search criteria, including Boolean operators, source types, and filters. Submission uses APA 7th edition, 1 to 2 errors noted.</p>	<p>Submit 3 to 4-page log depicting the search process with adequate application of appropriate keyword search criteria, including Boolean operators, source types, and filters. Submission uses APA 7th edition, no errors.</p>	<p>Submit 5 or longer page log depicting the search process with adequate application of appropriate keyword search criteria, including Boolean operators, source types, and filters. Submission uses APA 7th edition, no errors.</p>
<p>Write an annotated bibliography that critically analyzes the context, relevance, and authority of information sources, particularly in light of new perspectives, additional voices, and changes in schools of thought; and applies appropriate disciplinary conventions of citation.</p>	<p>Submission of at least 2 unique evidenced-based practice peer-reviewed research articles published within the last eight (8) years, one article from the discipline of nursing and the second article from another health care profession. Assignment marginally or less addresses the assigned sections of: Author Review; Article Comprehension; Findings Application; and Synthesis related to the identified project problem. Assignment is lacking professional APA 7th edition composition due to errors.</p>	<p>Submission of at least 2 unique evidenced-based practice peer-reviewed research articles published within the last eight (8) years, one article from the discipline of nursing and the second article from another health care profession. Assignment marginally addresses the assigned sections of: Author Review; Article Comprehension; Findings Application; and Synthesis related to identified project problem. Assignment is professionally composed in APA 7th edition, 2 or less errors noted.</p>	<p>Submission of 2 unique evidenced-based practice peer-reviewed research articles published within the last eight (8) years, one article from the discipline of nursing and the second article from another health care profession. Assignment adequately addresses all assigned sections of: Author Review; Article Comprehension; Findings Application; and Synthesis related to identified project problem. Assignment is professionally composed in APA 7th edition with 1 or less errors.</p>	<p>Submission of 2 unique evidenced-based practice peer-reviewed research articles published within the last eight (8) years, one article from the discipline of nursing and the second article from another health care profession. Assignment thoroughly addresses all assigned sections of: Author Review; Article Comprehension; Findings Application; and Synthesis related to identified project problem. Assignment is professionally in APA 7th edition with no errors.</p>

***All outcomes are met with the *Research Poster assignment*. Note sections of assignment for each outcome (see assignment rubric for details).**
