Policies:

Orders

- Departments will place their order on the Central Purchasing web site: (<https://webapps.fhsu.edu/CentralPurchasing/Default>). The department's P-card information will need to be entered the first time a user logs in to the Central Purchasing site. To enter the P-card information, select "My Account", log in to the system, and click on "Manage Account". Enter the P-card information. Multiple P-card's can be entered. If the department's P-card limits need to be increased, fill out the Workday Workflow P-card Request form.
- If using Activity Account or Endowment funds follow the same process to place an order, except the Cost Center will be given instead of the P-card information.
- Central Purchasing carries a limited supply of items on inventory; therefore, orders will not be available immediately. FHSU promotional items can be ordered from the Central Purchasing site; lanyards, pens, pencils, FHSU tiger folders and professional folders. Items on hand through Central Purchasing will be invoiced and charged by the Cost Center given on the order through an interfund voucher. The Warehouse markup no longer applies.
- Central Purchasing will research for the best quality at the lowest price. Products will be reviewed periodically and prices adjusted on the Central Purchasing web site. The department will be billed the actual cost from the vendor the order is placed with. For orders placed with Staples Advantage, the online catalog reflects the current price, whereas prices in the printed catalog do not reflect the discounts.
- Central Purchasing will place the orders with the vendor(s) and charge the department's P-card. Central Purchasing will provide an email confirmation indicating the vendor name and total price of the order.
- Orders will be shipped directly from the vendor to the department's delivery address, which is the 911 emergency address. The delivery addresses are available at: <https://fhsu.edu/purchasing/policies-procedures-and-templates/campus-911-addresses-4-29-19>. If you leave your delivery address location unoccupied, please put a note on the door for packages to be delivered to a neighboring office, since a signature may be required. Staples Advantage will not accept a signature from another office.
- The department will receive the order, along with a packing list/receipt from the vendor(s). The department will allocate these purchases on Workday Procurement Card. Instructions for allocations are available at the following link: <https://webapps.fhsu.edu/workdaydocumentation/default.aspx?category=BUSINESS%20OFFICE&document=Verify%20a%20Procurement%20Card%20Transaction.pdf>.
