FHSU TECHNOLOGY

All students registered at Fort Hays State University on-campus students are expected to have a laptop for use in a variety of university learning experiences and ensure mobility.

Hardware: To meet basic security, networking, and upgrade requirements, your computer should be running Windows 11, or macOS to 15 (Sequoia). Ideally, your computer's warranty should be supported by the manufacturer throughout your college career. Highly recommended is having a webcam and microphone to use with your computer (many laptops have these as built-in equipment). Ask your instructor or academic department to learn about any specific technology requirements that may apply for each course in which you are registered.

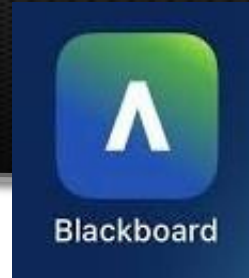

Chromebooks and iPads are not recommended for use as your primary device due to limited functionality.

Software: Microsoft Office Suite is FREE for current students.

Get Access to Services

To receive disability accommodations for the first time at FHSU, you must register with Student Accessibility Services by submitting documentation and completing the three-step process outlined below.

The Three-Step Process

- **Step 1:** Complete and submit the [Student Accommodations Questionnaire](#).
- **Step 2:** Submit documentation of your disability. See documentation guidelines below.
- **Step 3:** Student Accessibility Services will review your documentation and contact you when it is time to schedule your intake appointment. This appointment may occur in-person or by phone/video. Documentation review can take 1-2 weeks.

Once Steps 1 & 2 have been completed, you will be notified by the Accessibility Services Advisor regarding the decision. If accommodations are approved, the decision is provisional pending completion of Step 3. Step 3 should be completed during the first few weeks of the semester or over the summer. Please note, if additional documentation/information is needed, you will be contacted by the Accessibility Services Advisor.

Review of documentation typically takes 1-2 weeks; however, this time may be longer during high volume months.
