## Transfer Guide

**Seward County Community College** and **Fort Hays State University** have partnered to offer this Transfer Guide for students wishing to pursue Biology Education. Students are encouraged to work with their advisor to ensure a smooth transition to FHSU. Completion of this degree will provide students the opportunity to seek teaching licensure in Biology at the middle school or high school level.

Students are required to successfully finish the curriculum listed on this guide and to meet any college, university, and/or state requirements for degree completion. Program degree requirements are subject to changes on the basis of program improvement and to meet state licensure requirements. All students must adhere to the following guidelines:

- ❖ If transition to FHSU occurs before 45 hours are complete, the student may be subject to additional course requirements.
- ❖ 60 credit hours with a passing grade must be earned from a regionally accredited baccalaureate degree-granting institution.
- ❖ 30 credit hours with a passing letter grade of A, B, C, or D for a bachelor's degree must be taken from Fort Hays State University. Pass/No credit or Credit (CR) does not count towards the 30 semester hours.
- ❖ 45 credit hours in upper-division courses numbered 300 and above are required for graduation.

## Admission Procedures

Prior to enrolling at FHSU, students should apply for admission to FHSU. Students should also apply for admission to Teacher Education once pre-requisites are met. Review the links below for information on the requirements and applications for admission to FHSU and to Teacher Education.
