

## **AED Coordinating Committee**

Chair: Dr. David Fitzhugh

**Description:** The AED Coordinating Committee is responsible for checking University AEDs to ensure devices are ready for deployment, coordinating program efforts with the Ellis County EMS, planning and coordinating CPR/ AED classes, and reviewing and managing the overall campus AED program. The committee report to the Vice President for Student Affairs, is chaired by the AED Coordinator and includes building/ departmental AED Coordinators.

### **Key (Academic Year) Accomplishments**

- All campus AEDs were maintenance checked once in the fall and spring semester respectively.
- Ordered, received, and replaced batteries and Zoll CPR-D padz (main adult) for six AEDS prior to expiration date.
- Ordered, received, and replaced 36 back up adult electrodes for various AED units around campus prior to expiration date.
- Ordered, received, and replaced 13 pediatric electrodes for various AED units around campus prior to expiration date.
- Updated expiration dates of all electrodes and batteries on the PulsePoint AED app.
- Taught two CPR classes for two different departments as requested.
- Demonstrated the use of the AED and hands-only CPR to one campus academic department and one sociology course as requested.
